

Statement of Policy

NO.: 0476.01

TITLE: Courier System Services

DATE ADOPTED/REVISED: June 15, 2005

PAGE 1 OF 1

COURIER SYSTEM SERVICES

The Chester County Intermediate Unit courier system is a pick-up and delivery service for all public schools in Chester County. The courier system transports equipment, materials, supplies and documents used by the public schools.

The CCIU may permit access to the courier system by individuals or entities that are not part of the public school system. CCIU will make all decisions regarding use of the courier system by individuals or entities that are not part of the public school system. CCIU will make all decisions regarding courier schedules, vehicle capacity, and acceptability of equipment, materials, supplies and documents that can or cannot be transported by the courier.

The Board hereby delegates to the Executive Director of CCIU or his designee the responsibility to decide:

1. Equipment, materials, supplies and documents that may be transported; except that no political campaign materials, religious articles or publications, personal items, ethnically-biased items, or morally offensive items will be transported; and
2. When individuals or entities that are not part of the public school system may, from time to time, use the courier.

The decision of the Executive Director in all cases shall be final.
