- Master's Degree in Technology & Innovation
- Principal Certification
- Speech & Language

Network Communities

Join fellow job-alike colleagues to learn, collaborate and discuss important issues in your area of focus. Share your experiences and learn from the experiences of others.

- Gifted Network
- Integrative STEM Network
- Librarian Network
- Low Incidence Networking Community (LINC)
- School Counselors Network

Horizon Hub

455 Boot Road,
Downingtown, PA 19335

Innovative Lending Library

Network with colleagues in the Horizon Hub library and learn about their integration of technology and creative ideas while also having the opportunity to borrow classroom enriching items from the library.

Makerspace

Cultivate tomorrow's innovators today at the Horizon Hub, a community makerspace for hands-on research, experimentation and development. Equipped for innovative design processes, the Horizon Hub is a lab, workshop and meeting place. It is a unique space where thinkers can come up with unique ideas.

STEM Integration

Workshops & Trainings

Learn about innovative ways to integrate STEM into any classroom by attending one of our interactive workshops, reaching out for a consultation or attending one of our STEM networking events. Workshops and trainings include:

- Robotics & Coding Tools
- Electronics & Computer Programming
- Creating and Designing Digital Experiences: Gaming, AR and VR
- Making Makers in K-6
- 3D Design & 3D Printing

STEM and Educational Technology Consultations

Moving from teacher-centered to student-centered instructional strategies can require a lot of support. Let our consultants support your needs in providing customized professional learning, STEM product research and instructional resources. Our consultations are available to help schools create 21st century learning environments. Current consultation topics include:

Current consultation topics include:

- Makerspace Development
- Innovative Learning Space Design
- Innovation Playground Implementation
- STEM and Innovation Community Night Development
- STEM Professional Learning Community Development

Connecting You

Educational Consortia

If you'd like to connect with others in your discipline or network around a particular topic, let us know! We convene networking sessions on STEM integration, educational technology, online learning and much more.

Engaging Student Events

If you're in search of programs to engage your students in innovative learning modalities, reach out to us about one of our fantastic student events:

- Chester County 24 Challenge®
- STEM Summer Camp, STEM Saturdays and STEM Design Challenge
- Reading Olympics
- PA Media & Design Competition
- Student Invention Convention

Training and Consultative (TaC) Services

CCIU's Training and Consultative (TaC) Team is available to provide customized trainings for educators on the support of students.

- Curriculum Needs and Assessments
- Early Childhood Services
- Literacy Services
- School Improvement Planning
- PA Institute for Instructional Coaching
- Multi-tiered System of Support
- Special Ed Training & Consulting

All Chester County Public Schools have a free membership to use our Teacher Center.

Full-time teachers can: create instructional materials for their classroom, learn and experiment with new technologies, borrow books and technological resources and collaborate to create innovative projects.

60-Minute Workshops

If you have 60 minutes, you can learn something new! Concise, focused demonstrations of new technologies are available once each week, free of charge to all full-time Chester County public school educators.

Technology

Consortium Purchasing

IUs across the state work with vendors to offer volume pricing for educational programs like:

- Britannica School, Academic and Image Quest versions
- Defined STEM
- Discovery Streaming
- Learning Management Systems including Schoology, Canvas and Desire2Learn (D2L)
- PearDeck
- Rosetta Stone Language Programs

EdTech Trainings

Learn new tools and approaches to engage students. A wide variety of training topics are offered including: online and blended course development, digital formative assessment, SAMR and TPACK, Open Educational Resources, Personalized Learning and much more.

TransACT Translation

PDE and CCIU work with TransACT to provide a collection of free, legally reviewed notices, forms and letters accurately translated into multiple languages.

<http://www.transact.com>

Video & Media

Video Production Services & Education

Create digital media for your classroom in CCIU's state-of-the-art studio or on location and produce your project with our consultative media team.

- Computer graphics and animation
- Live streaming
- Script writing/editing
- Video/audio recording and editing
- Video digitizing and preparation for DVD/web-based delivery
- Workshops including green screening

Discovery Education Streaming

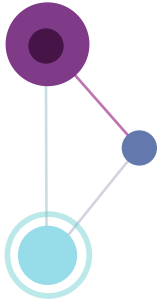

Discovery Education provides high-quality, standards-based, engaging digital resources in easy-to-use formats in all core-curricular subject areas. <http://discoveryeducation.com>

Live Streaming

Watch live and recorded events from across Chester County and the state on CCIU TV. <http://ccitv.cciu.org>

 Not sure where to begin?

Call (484) 237-5362 or email Pat Mostyn at patmo@cciu.org and we'll connect you with the right services that will meet your needs.

*Education is not the
filling of a pail, but the
lighting of a fire* . - W.B Yeats

The Innovative Educational Services Division of the Chester County Intermediate Unit seeks to empower all learners. Our offerings are broad, ranging from professional learning and resources for educators and implementation of technology, to school-age student activities and countywide events. We are driven by our customers' growth and success; listening, teaching and supporting our customers as they acquire new skills and knowledge; and encouraging our customers to make ideas their own.
