

PURCHASE LETTER OF INTENT

School Entity Name: _____

Purchase of: **CCIU Managed Immutable Backup Service**

Background: The surge in cybersecurity incidents is reaching unprecedented levels, with governmental and educational entities emerging as high-priority targets. Essential to any organization's robust cybersecurity strategy is the integration of secure and immutable backups. In a strategic collaboration, the Chester County Intermediate Unit (CCIU) is joining forces with Rubrik, a leading provider of data security and cyber recovery solutions, to deliver a professionally managed immutable backup service.

This correspondence officially communicates the school entity's (as specified above) intention to engage in a managed services agreement, billed per terabyte, spanning a duration of 36 months (3 years). This crucial information is imperative to enable CCIU to accurately determine the required license counts.

Pricing & Intended Purchase:

Please **check** the appropriate boxes and provide the quantity for each.

✓	Service	COST	QTY
