- (a) To an educational agency or institution at which the student seeks to enroll, intends to enroll, or is enrolled, or from which the student receives services, when that agency or institution requests such records, as long as:

 - (3) The disclosure is for purposes related to the student's enrollment or transfer.
- (b) To appropriate parties in connection with an articulable and significant health or safety emergency, when such disclosure is necessary to protect the health or safety of the student or others, provided, however, that for each such disclosure, the Intermediate Unit shall maintain a record indicating:

(f) To the parents of an eligible student who remains a **dependent student** as defined in the Internal Revenue Code.

(k) To state or local juvenile justice authorities when such disclosure is in accordance with an Act of the Pennsylvania General Assembly and enables the juvenile justice system to serve effectively and prior to adjudication the student to whom the records pertain, provided, however, that any such authority must certify in writing to the Intermediate Unit that such records will not be redisclosed to any other party unless permitted by state law or unless written parent or eligible child consent is obtained.

- (m) Under such additional circumstances and to such additional persons and agencies as are permitted by the Family Educational Rights and Privacy Act, and its implementing regulations.

4.9 Any disclosure made in accordance with paragraph 4.8 of this policy shall be made under the explicit condition that the party to which or to whom such disclosure is made shall not redisclose such information to any other party without written parent or eligible student consent, unless the record of the original disclosure identifies the additional parties to whom such disclosure is to be made under Section 4.8 of this policy and the legitimate interest that such additional parties have in such information, or unless such original disclosure is to state or federal agencies in accordance with the requirements of the implementing regulations of the Family Educational Rights and Privacy Act.

4.10 Copies of all special education and discipline records of a student currently identified as a child with a disability within the meaning of the Individuals with Disabilities Education Act shall be transmitted to a law enforcement agency to which the Intermediate Unit has reported a crime committed by such student, provided, however, that prior to transmission of such records, the Intermediate Unit shall obtain written consent from the parent or eligible student as required by, and in accordance with the provisions of, Section 4.7 of this policy or that such transmission is permitted without such consent in accordance with the provisions of Subsections (b), (h), or (k) of Section 4.8 of this policy.

Miscellaneous Provisions

5.1 The policy of the Intermediate Unit is to comply in full with the requirement of state and federal law governing the maintenance of records and other personally

identifiable information and the privacy rights of students and their families. To the extent that any provision of this policy is construed as or found to be inconsistent with federal or state law, the Intermediate Unit will treat that provision as null and void. The Executive Director or his/her designee shall ensure that all persons responsible for the maintenance of any student record are aware of the provisions of this policy and receive regular training concerning its requirements. When feasible, the Executive Director or his/her designee shall provide for the use of physical or technological access controls to ensure that access to education records by school officials with a legitimate educational interest in them is limited to that information in which those officials have a legitimate educational interest.

5.2 The Intermediate Unit shall send or deliver all notices and requests for consent required under this policy to the address identified as the residence of the child in the registration information maintained by the Intermediate Unit. Unless it receives specific written information to the contrary, the Intermediate Unit shall presume that all persons with authority to make educational decisions for the student have received or had the opportunity to review and respond to notices and requests sent or delivered to such address. The Intermediate Unit will send notices and requests to separate addresses only when:

- (a) A person with joint authority to make educational decisions for the student, such as a divorced or separated natural parent or guardian, resides at that separate address.
- (b) That person notifies the Intermediate Unit in writing that s/he is not receiving or has not had the opportunity to review and respond to notices and requests sent to the residence to which the student is registered.

The following notice shall precede the text of this policy and shall appear with the heading in boldface type or other similarly conspicuous format:

Designation of certain records containing personally identifiable information as directory information. In Section 1.1 of this policy, the Intermediate Unit designates certain kinds of information as **directory information**. The Intermediate Unit will provide this information to any interested person, including Armed Forces recruiters who request it, without seeking consent from the parents of the student or the student. If you do not want the Intermediate Unit to disclose such information, *you must so notify the Intermediate Unit in writing on or before the first day of the school term, which is _____*. Your written notice must identify the specific types of directory information that you do not want the Intermediate Unit to disclose without consent. If you fail to notify us in writing by the first day of the school term, we may release directory information upon request and without consent.

Disclosure of records containing personally identifiable information to other schools and institutions. Section 4.8(a) of this policy allows the Intermediate Unit to disclose personally identifiable information concerning a student to an educational agency or institution at which the student seeks to enroll, intends to enroll, or is enrolled, or from which the student receives services, when that agency or institution requests such records, as long as the disclosure is for purposes related to the student's enrollment or transfer.

Access to records by school officials with a legitimate educational interest. Section 4.6 of this policy allows school officials with a legitimate educational interest to have access to personally identifiable information without parent or student consent. In Section 1.11 of this policy, the Intermediate Unit designates those persons who have a legitimate educational interest that would allow such access to education records.

Amendment of education records. Section 3 of this policy describes how a parent or a student who has attained the age of eighteen (18) can request that records be amended. This Section also describes in detail the right of the parent or eligible student to request a hearing to challenge a decision by the Intermediate Unit not to amend records that the parent or student believes are inaccurate, misleading, or in violation of the student's right to privacy.
