House:

Special Election – February 7, 2023
SB 84 (Sponsors: Phillips-Hill & Schwank) – This bill passed unanimously in the Senate on January 18. Protecting the First Amendment Right to Freedom of Religious Expression - Amends the Public School Code of 1949 to repeal the provision prohibiting public school teachers from wearing religious garb or insignia while in the performance of their duties. Currently, Section 1112 prohibits a teacher from wearing any garb, mark, emblem or insignia that would indicate he or she is a member of or adherent to any religious order or sect while in the performance of their duties as a teacher. A teacher who violates this ban must be suspended from teaching for a term of one year, or permanently disqualified from teaching after multiple offenses. Furthermore, a public school director can be held criminally liable for failing to enforce this prohibition.

In the case Nichol v. Arin Intermediate Unit 28 in the United States District Court, W.D. Pennsylvania held that Arin Intermediate Unit 28’s religious affiliations policy violates the Free Exercise of Religion and Free Speech Clauses of the First Amendment to the United States Constitution. The teacher was suspended pursuant to the Garb Statute and Arin’s religious Affiliations policy from her job as an instructional assistant for refusing to comply with her supervisor’s request that she remove or conceal a small cross she regularly wore on a necklace. As a result of the ruling, the plaintiff was rehired with back pay. Based on this decision, Section 1112 is no longer warranted.

SB 114 (Brooks) – This bill passed unanimously in the Senate on January 18. Firefighter Training Pilot Program for High School Students - Amends the Public School Code of 1949 to establish a pilot program to provide fire training to secondary school students through institutions of higher education. This bill would create a pilot program for community colleges and universities in the PA State System of Higher Education (PASSHE) to give interested high school students training in firefighting. This legislation passed the Senate unanimously in April 2021, but was not considered by the full House before the close of session.

As documented in the SR 6 report, Pennsylvania is facing a severe shortage of volunteer firefighters, with the current number of volunteers down to less than 15% of the number of volunteers in the 1970s. By encouraging school districts to partner with institutions of higher education, we can help recruit and retain firefighters at a time when first responders are desperately needed. This legislation would award three grants of $150,000 each, which would be distributed to three community colleges or PASSHE schools in the Commonwealth, one in the eastern, central, and western parts of the state. The grants will be used to establish fire training programs for students in high school during the school year, with the hope they will remain firefighters for years to come.
