Connections

2022-2023

What is Early Childhood Collaborative Connections?

We're professionals and parents working together to enrich the lives of families and enhance the quality of services by collaborating with agencies, families, and the community.

We promote quality programming, provide community resources and support families.

We support OCDEL's (Office of Child Development and Early Learning) priorities and initiatives.

Throughout the year we host social events for families and offer parent/caregiver workshops.

We're working to ensure that young children of all needs have access to high quality early care, supports and education to support their growth and development.

Why should you get involved?

You have opportunities to meet other parents & connect with other families.

You are empowered to use your voice to share perspectives and ideas.

You stay current with services and learn about resources.

You can promote inclusion in our local communities.

You can increase awareness and acceptance for all children.

How do you connect with us?
