PRACTICAL NURSING PROGRAM STUDENT HANDBOOK

This student handbook is designed to acquaint the student in the Practical Nursing Program with the policies and regulations of the program.

The Practical Nursing Program is approved by the Pennsylvania State Board of Nursing and the Pennsylvania Department of Education. It is accredited by the Accreditation Commission for Education in Nursing and sponsored by Chester County Intermediate Unit.

MISSION

The mission of the Practical Nursing Program is to provide a quality, innovative, cost-effective, and student-focused curriculum to a diverse population, preparing graduates to practice as competent licensed practical nurses.

Our beliefs in support of this mission are:

- ***Customer Service***
We are committed to exceeding customers' expectations.
- ***Partnership***
We collaborate with partners to assure a seamless career pathway of life-long learning and a robust, diverse nursing workforce.
- ***Innovation***
We promote change to meet evolving needs and foster innovation.
- ***Leadership***
We embrace a leadership role in assuring quality holistic nursing education and in fostering interaction with community partners.
- ***Advocacy***
We serve as an advocate for our students, nursing education, and practical nursing at large.
- ***Professional Commitment***
We maintain the highest standards of conduct.
- ***Organizational Culture***
We provide an environment that fosters flexibility, teamwork, creativity, professional growth, high morale, opportunity, and pride in all we do.

PROGRAM PHILOSOPHY

The Practical Nursing Program faculty believes that:

Individuals have the right within their unique capabilities and limitations to an education that will allow them to work effectively as contributing members of society.

Society has the right to expect quality health care from competent practitioners, knowledgeable in safe health care interventions.

Education is a life-long process resulting in behavioral changes occurring through the acquisition and development of knowledge, skills, attitudes, interests, and values. The student is motivated to learn when the material proceeds from the simple to the complex, the known to the unknown. Satisfaction is gained from the learning experience when the material is meaningful, and the student is the center of the learning process.

Nursing is an art and a science drawn from biological and behavioral research. Nursing addresses holistic needs of the individual and family: all personalized care, disease prevention, health maintenance, recovery from illness, and coping with dying. It is performed in the hospitals, homes, extended care facilities, schools, or the community. Practical nursing follows the nursing process of assessment, planning, intervention, and evaluation in performance of selected nursing procedures in the care of the ill, injured, or infirm which do not require the specialized skills, judgment, and knowledge needed in professional nursing. Practical nurses' function under the direction of a licensed professional nurse, a licensed physician, or a licensed dentist.

Education for practical nursing is a formal, faculty-guided program that prepares selected individuals to participate with the health care team as licensed practical nurses. The program correlates educational clinical experiences with classroom theory and lab practice. The faculty plans, implements, and evaluates the learning experience. Evaluation by both students and faculty is a continuous process used to determine the pertinence of the teaching and progress of each student. The program grants equal opportunity according to ability and interest following a strictly adhered to and well-publicized non-discriminatory policy. Diversity is valued in the program contributing to an enriched classroom environment and clinical experience.

NON- DISCRIMINATION POLICY

Publication of our non-discriminatory policy is in accordance with state and federal laws including Title IX of the Education Amendments of 1972 and Sections 503 and 504 of the Rehabilitation Act of 1973.

Inquiries should be directed to:

Beth Ann Puckett

Director of Practical Nursing Program

END-OF-PROGRAM STUDENT LEARNING OUTCOMES

B. End-of-Program Student Learning Outcomes

Upon completion of the Practical Nursing Program, the graduate will:

1. Practice as a novice healthcare team member within the framework established by the Nurse Practice Act of the State of PA.
2. Develop a spirit of inquiry to promote personal and professional growth.
3. Utilize the nursing process to provide safe, holistic care to diverse populations in a variety of settings.
4. Integrate clinical reasoning and evidence-based practice to promote high quality, safe and effective care.
5. Demonstrate collaborative communication to advocate for the clients, families, and groups.
6. Apply leadership and management principles to achieve quality and safety.

Revised: 9/93, 8/6/02, 6/20/17, 3/29/18, 5/1/19

Reviewed: 8/30/99, 8/24/00, 8/28/01, 4/10/02, 8/6/02, 7/31/03, 8/16/04, 8/10/05, 6/16/06, 8/3/07, 10/3/08, 6/12/09, 7/9/10, 8/5/11, 6/16/12, 7/19/13, 6/30/14, 6/10/15, 7/20/16, 6/20/17, 7/10/18, 7/8/20, 5/26/21, 9/30/21, 8/1/22

C. Expected Outcome Competencies

The National Association for Practical Nurse Education and Service, Inc. specifies expected outcomes for new graduates from accredited practical nursing educational programs.

The expected outcome competencies of the Chester County Intermediate Unit Practical Nursing Program and its other sites are to prepare an individual who shall be eligible to apply for licensure as a practical/vocational nurse. Graduates of practical/vocational nursing programs practice under the guidance of a registered nurse or licensed physician/dentist. The primary role of the practical/vocational nurse is to provide nursing care for clients in structured healthcare settings who are experiencing common, well-defined health problems. In their role as members of the discipline of nursing, practical/vocational nurses actively participate in and subscribe to the legal and ethical scope of practice of the profession.

The graduate practical/vocational nurse demonstrates the following entry-level competencies:

1. Assessment

- a) Assesses basic physical, emotional, spiritual, and socio-cultural needs of the health care client.
- b) Collects data within established protocols and guidelines from various source
 - i. Client interviews
 - ii. Observations/measurements
 - iii. Health care team members, family, and significant others
 - iv. Health records
- c) Utilizes knowledge of normal values to identify deviations in health status.
- d) Documents data collection.
- e) Communicates findings to appropriate health care personnel.

2. Planning

- a) Contributes to the development of nursing care plans utilizing established nursing diagnoses for clients with common, well-defined health problems.
- b) Prioritizes nursing care needs of clients.
- c) Assists in the review and revision of nursing care plans to meet the changing needs of clients.

3. Implementation

- a) Provides nursing care according to:
 - i. Accepted standards of practice
 - ii. Priority of client needs
 - iii. Individual and family rights to dignity and privacy.
- b) Utilizes effective communication in:
 - i. Recording and reporting.
 - ii. Establishing and maintaining therapeutic relationships with clients, families, and significant others.

4. Evaluation

- a) Seeks guidance as needed in evaluating nursing care.
- b) Modifies nursing approaches based on evaluation of nursing care.
- c) Collaborates with other health team members in the revision of nursing care plans.

5. Professionalism of the Graduate

- a) Complies with the scope of practice as outlined in the nurse practice act of the state in which licensed.
- b) Describes the role of the licensed practical/vocational nurse in the health care delivery system.
- c) Utilizes educational opportunities for continued personal and professional growth. Identifies personal potential and considers career mobility options.
- d) Identifies personal strengths and weaknesses for the purpose of improving performance. Adheres to a nursing code of ethics.
- e) Functions as an advocate for the health care consumer.

6. Managing/Supervision

- a) Assumes responsibility for managing their own actions when providing nursing care for individuals and groups of clients.
- b) Is accountable for nursing care delegated to unlicensed health care provider.

7. Political Activism

- a) Is aware that the practical nurse, through political, economic, and societal activities can affect nursing and health.

ADMISSION

A. Requirements

The course is open to any interested person who:

1. Is a resident of Pennsylvania. Residents of other states will be considered for admission. Cost of tuition is increased for out-of-state residents.
2. Is a high school graduate with an official transcript from an accredited high school or its equivalent.
3. Is in good health. Health related enrollment requirements also apply. See pre-enrollment/ enrollment health policy in the Student Handbook for details.
4. Manifests ability to learn as indicated by interview, references, and transcripts.
 - a) Minimum scores must be achieved on the pre-entrance exam.
 - b) The pre-entrance exam is administered online via ATI Testing. Pre-entrance scores from other facilities will be accepted.
 - c) Remediation will be suggested as needed.
 - d) The pre-entrance test may only be retaken twice, and applicant must wait a minimum of one month (30 days) to retake the exam.
 - e) If the minimum score is not achieved, the applicant will not be admitted.
5. Has required, current CPR certification (professional level with AED, adult, & pediatrics) before and during enrollment.
6. Has a Pennsylvania criminal record check, child abuse history clearance, and FBI fingerprint clearance. All must be less than one year old at the time of enrollment. The Pennsylvania criminal record check and child abuse must remain current throughout enrollment in the program. In addition, students are under a continuing obligation to notify PNP administration of any criminal contacts (including but not limited to: citation, arrest, conviction, etc.) at the first possible opportunity. Failure to disclose this information in a timely fashion may impact the student's status in the PNP as well as future licensure by the State Board of Nursing.
7. Has evidence of legal immigration or citizenship to be eligible. We do not enroll students with F-1 immigration status.
8. Mandatory drug screening is required for enrollment and must be updated yearly while enrolled. In addition, drug screening may occur periodically or on a random basis while enrolled in the program.

Candidates for advanced standing in the Practical Nursing Program will be evaluated on an individual basis. Enrollment is restricted due to academic and clinical space availability.

9. A student with a criminal history or child abuse history will be evaluated by the director of the program and acceptance committee. No one will be admitted if their conviction is listed below:
- i. An offense designated as a felony under the act of April 14, 1972 (P.L. 233, No. 64), known as The Controlled Substance, Drug, Device, and Cosmetic Act.
 - ii. An offense under one or more of the following provisions of 18 Pa. C.S. (relating to crimes and offenses):

Prohibitive Offenses Contained in Act 169 of 1996 as Amended by Act 13 of 1997 Criminal Offense

<u>Offense Code</u>	<u>Prohibitive Offense</u>	<u>Type of Conviction</u>
CC2500	Criminal Homicide	Any
CC2502A	Murder I	Any

CS13Axx*		Felony

10. The decision to admit an applicant with a criminal history (other than one of the above listed convictions) will be made on a case-by-case basis.
11. Applicants with criminal histories are encouraged to consult the Act 53 of 2020 Best Practices Guide and related Preliminary Determination procedures (available at <https://www.dos.pa.gov/ProfessionalLicensing/Pages/ACT-53-2020.aspx#:~:text=The%20board%20will%20determine%20whether,of%20license%20you%20are%20seeking>) with regard to the impact that a criminal conviction may have on licensure upon graduation from the PNP.

B. Application Procedure

1. Complete electronic application for the CCIU Practical Nursing Program and submit the required **\$75** fee.
2. Request high school to send one copy of your official transcript to the Practical Nursing Program. Applicants with foreign transcripts should contact the director of the program regarding possible additional requirements.
3. Take the pre-entrance exam (TEAS) and complete with a minimum score of 45% overall.
4. Complete electronic application and all required documents online.
5. Acceptance Committee will make the final selection of students on the basis of accumulated pertinent data.
6. Applicants will be notified in writing via email of acceptance or reasons for denial.
7. Applicants who applied and were accepted more than two years ago must repeat the admissions procedure. Records are retained for two years only.
8. At the time of the pre-admission's aptitude testing, applicants must read and sign a statement from the Practical Nursing Law, Pennsylvania State Board of Nursing prohibiting licensure until ten years has past and total rehabilitation can be proven following conviction of a crime involving drugs and/or alcohol. Some licensure restrictions may be required by Pennsylvania State Board of Nursing related to some felonies and misdemeanors.
9. Obtain PA criminal history clearance online through CastleBranch account.
10. Obtain FBI Fingerprint Clearance through CastleBranch account.
11. Obtain child abuse history clearance online through CastleBranch account.
12. Applicants must be informed of the crime rate on campus for the past three years as well as the success rate of students according to Public Law 101-542 and 102-26, 1991 "Student's Right to Know and Campus Security." The policy statement is as follows:

"Student's Right to Know and Campus Security" Policy P.L. 101-542 and 102- 26, 1991 requires all post-secondary college and university programs to collect all data relating to any campus crimes or violence.

An applicant is to be informed of the crime statistics of the past three years when considering enrollment in this post-secondary program. All incidents are documented at the Practical Nursing Program's Downingtown campus and West Grove and Phoenixville satellites by the Principal of Student Services in close and constant networking with School Board, administration, faculty, staff, students, and local and state police agencies.

Evidence of the documented statistics are compiled and presented to interested nursing applicants at the time of the pre-admission aptitude testing for their consideration and signature.

In the event that any student is concerned about behavior that might be considered criminal, it must be reported immediately to the director of the program.

ENROLLMENT

A. Protocol for Enrolling Applicants and Continued Enrollment

1. Accepted applicants will be informed by email. An accepted applicant will be placed in the earliest possible class available considering all components of application, application date, academic ability (e.g., minimum entrance test score met or exceeded), motivation, moral character (e.g., criminal history and child abuse clearance, drug testing, reliability), and clinical and classroom space availability.
2. An applicant may be placed on an alternate class list, where enrollment depends on an accepted student dropping from the class list due to unforeseen circumstances.
3. Acceptance packets are distributed by email and/or at the general orientation seminar.
4. A **\$350 non-refundable admissions registration fee** (used to update equipment and educational supplies) is required upon receipt of acceptance letter.
5. The child abuse, criminal history clearance and the FBI Fingerprinting report should be on file and be less than one year old relevant to the class start date. All three clearances must be renewed each year throughout enrollment in the program.
6. All health and CPR (certification maintained throughout the program) information to be submitted to the nursing program administration office or CastleBranch link by the date specified at general orientation seminar or the applicant would be unable to continue with the enrollment process. Tuberculosis screening must be maintained throughout the enrollment period (See Pre-Enrollment/ Enrollment Health Policy.) Mandatory drug screening is required for enrollment and must be updated yearly while enrolled. In addition, drug screening may occur periodically or on a random basis while enrolled in the program. In addition, students are under a continuing obligation to notify PNP administration of any criminal contacts (including but not limited to: citation, arrest, conviction, etc.) at the first possible opportunity. Failure to disclose this information in a timely fashion may impact the student's status in the PNP as well as future licensure by the State Board of Nursing.
7. Reliable transportation is a necessity.
8. Books will be available on first day of class.

B. Pre-Enrollment/Enrollment Health Policy

1. Before enrollment date, student should submit physical assessment and immunization update (all located in CastleBranch site).
 - a) Measles. ALL students, regardless of age, must do one of the following:
 - i. Present documentation of two doses of measles-containing vaccine (measles, rubella (MR), or measles, mumps, rubella (MMR) given on or

- after twelve months of age. The two doses must be separated by at least one month.
- ii. Present laboratory evidence of measles immunity.
 - iii. Present documentation of physician-diagnosed measles disease.

Any student who does not have evidence of immunization or immunity must be given two doses of measles vaccine. The second dose should be given one month later. Prospective students who are pregnant at the time of admission must defer vaccination until after delivery.

- b) Mumps. ALL students, regardless of age, must do one of the following:
 - i. Present documentation of two doses of mumps-containing vaccine (mumps or MMR) given on or after twelve months of age.
 - ii. Present documentation of physician-diagnosed mumps disease.
 - iii. Present laboratory evidence of mumps immunity.

Any student who does not have evidence of immunization or clinical history must be given one dose of mumps-containing vaccine. Prospective students who are pregnant at the time of admission must defer vaccination until after delivery.

- c) Rubella. ALL students, regardless of age, must do one of the following:
 - i. Present documentation of one dose of rubella-containing vaccine (rubella, MR, MMR) given on or after twelve months of age.
 - ii. Present documentation of physician-diagnosed rubella disease.
 - iii. Present laboratory evidence of rubella immunity.

Any student who does not have evidence of immunization or immunity will have a titer. If titer result is not adequate, the student must receive one dose of rubella-containing vaccine. Prospective students who are pregnant at the time of admission must defer vaccination until after delivery.

- d) Tetanus/Diphtheria/ Pertussis. ALL students, regardless of age, should have received primary immunization with diphtheria tetanus pertussis (DPT) or tetanus toxoid. If a tetanus booster has not been given within the last ten years, it should be given. Td is the preferred preparation for active tetanus immunization of adults because a large proportion of them lack protective levels of circulating antitoxin against diphtheria. All students must show evidence of one dose of Tdap and current Td immunization.
- e) Varicella. ALL students, regardless of age, should have a titer drawn to determine immunity to chicken pox or must provide proof of immunization. If a student is exposed to chicken pox while in the program, it might necessitate taking a leave of absence since he/she will be unable to attend clinical from day seven (7) - day (21) post exposure to chicken pox.

2. ALL students, regardless of age, must maintain screening throughout enrollment through one of the following:
 - a) Two-step PPD. Receive first injection and go back after 48 to 72 hours to have it read. One to three weeks after the first injection was read, receive the second injection and return after 48 to 72 hours to have it read. Document dates and results on immunization form.
 - b) Proof of a continuous succession of PPDs. Show two consecutive years of PPD screenings. Document dates and results of each screening.
 - c) QuantiFERON

If Mantoux is positive or if student has a health history of cardiopulmonary disease, a chest x-ray is required. **Chest x-ray is valid for two years.** On the alternate year, a health **questionnaire** must be completed.

3. Seasonal influenza immunization required by clinical facilities for clinical rotations.
4. Also, strongly **urged** by Center for Disease Control (CDC) is a series of three Hepatitis B vaccinations. Students must provide documentation of all three vaccinations or a positive titer. Students may begin the series at enrollment but must complete the series while enrolled or sign a "hold harmless" statement. Student nurses have the right of refusal; however, a "hold harmless" statement must be signed negating our program, school, or clinical practice sites of any causal relationship. Hepatitis B is a very infectious disease. CDC emphasizes the importance of this issue.
5. **Covid-19 Vaccination**; The COVID-19 vaccination is a new expectation in the healthcare industry. All of our clinical sites are mandating and requiring the COVID-19 vaccination for all their employees and students that visit the sites. The clinical sites are not accepting any medical or religious exemptions. If a PNP student chooses to not receive the COVID-19 vaccination, then they will be unable to meet clinical objectives for their clinical requirements according to the State Board of Pennsylvania Nursing. All PNP students are required to receive the COVID-19 vaccination in order to remain in the program due to clinical site requirements. For new student cohorts, the COVID-19 vaccination will be required prior to the first day of class. If a student is unvaccinated and chooses to not receive the COVID-19 vaccination, they will be unable to remain or enroll (if new student) in our Practical Nursing Program due to the State Board of Pennsylvania Nursing clinical hour requirements.
6. Laboratory tests are required only if physician recommends as a result of pre-enrollment physical.
7. CPR certification must remain current. Professional certification (Healthcare Provider) must include AED training and adult and pediatric CPR. Online CPR courses are not acceptable.
8. If a student refuses to receive any of the above required immunizations, their ability to meet clinical objectives and successfully complete the program may be in jeopardy. The final decision will be at the discretion of the director.

9. It is the responsibility of the applicant/student to inform the director regarding any existing or new latex sensitivity. The following procedure will be followed:
 - a) Latex sensitivity will be described by the health care practitioner on the student's physical exam. Specific precautions related to the latex allergy will be detailed by the health care practitioner. If the director is notified of the latex allergy during the course of the program, precautions from a health care practitioner are required to continue practice in the clinical area.
 - b) The necessary precautions stated by the health care practitioner will be evaluated by the director. The student will be counseled appropriately, which can include a recommendation not to seek enrollment in the program.
 - c) Non-latex powder-free gloves are the recommended alternative to latex gloves. These gloves will be available for purchase through the school. The cost is the sole responsibility of the student. The student is not allowed to be in the clinical area unless he/she is prepared to deliver care with latex-free gloves.
10. It is mandatory that all affiliating clinical students have health insurance. The health insurance form must be completed and submitted to the nursing school office by the announced due date.

C. Disability Services

The Practical Nursing Program of the Chester County Intermediate Unit will not discriminate in employment, education programs, or activities based on actual or perceived race, color, creed, religion, ancestry, national origin, age, sex, gender identity, gender expression, handicap, disability, pregnancy status, marital status, parental status or because a person is a disabled veteran or a veteran of the Vietnam era.

Every effort will be made to assist anyone with a handicap to enroll and succeed in the program.

However, because of the expected outcome competencies of a graduate practical nurse, we must accept applicants with strong communication, psychomotor, visual, and auditory skills as they relate to patient safety and ability to assess, plan, intervene, and evaluate nursing care.

Access to the program will not be prevented if these skills are possible with prostheses and/or supportive aids.

Functional ability of each individual applicant must be determined. The specific areas of concern are:

1. Speech - must be able to communicate verbally.
2. Hearing - must be able to hear speech and sounds through an amplified stethoscope or other suitable device.
3. Vision - must be able to observe visually and read medication orders with 100% accuracy.
4. Mobility - must be able to get to and from all clinical practice settings independently.
5. Manual dexterity - must be capable of handling small and technical equipment with 100% accuracy.

We are committed to providing an equal educational opportunity for all students who meet the academic admission requirements.

Students with disabilities are reminded that it is their responsibility to notify the faculty member of each course of their needs, provide the required documentation, and formally request the specific accommodation.

Documentation of the disability is required. Assessments must have been completed within the last three years. Documentation of a learning disability and recommended accommodations must be completed by a psycho-educational specialist, i.e., clinical psychologist, psycho-neurologist, or school psychologist.

Documentation of other types of disabilities (e.g., medical) will be completed by an appropriate health care practitioner relevant to the disability. The director and/or faculty and student will discuss the suggested accommodations and formulate a plan to assist the student in reaching their goals. The student may appeal any decision through the regular appeals process. Significant consideration of allowable accommodations when taking NCLEX-PN is discussed when formulating the plan. Accommodations provided during school do not guarantee the same accommodations will be provided when taking the NCLEX-PN.

D. Advanced Standing Policy

1. Individuals with recent, previous nursing education with grades of C or better, may request advanced standing status in the program. The cost to apply for advanced standing is **\$200** (non-refundable). If the only course being reviewed is Anatomy and Physiology, the cost is **\$50** (non-refundable). The student must meet the regular admission requirements of the program and submit all necessary documents and payment for requesting advanced placement prior to the first day of the enrolling class.
2. To determine whether an individual can receive credit for Level I, the applicant must:
 - a) Meet all admissions requirements.
 - b) Review all previous course work with our faculty.
 - c) Submit **official** transcripts and course descriptions from any educational programs attended. University/college technical level nursing courses taken within the past two years and Anatomy and Physiology taken within the past five years may be accepted in transfer.
 - d) Have been engaged in direct health care activities such as a student or professional nurse, medical corpsman, etc. for at least three months.
 - e) Submit employer/instructor evaluation forms of the individual's performance in the work/educational setting as requested.
 - f) Demonstrate safe competencies in clinical health care practices as evidenced by transcripts.
 - g) Take challenge exams at the discretion of the faculty to demonstrate knowledge base.

For the individual to receive credit for Level I, the above evaluations must satisfy the faculty of the Practical Nursing Program.

3. To determine whether an individual can receive credit for Level II, the applicant must have met the Level I requirements plus:
 - a) Have been engaged in rendering nursing care in a medical-surgical healthcare setting.
 - b) Have all previous course materials evaluated by the faculty.
 - c) At the discretion of the director and faculty, spend sufficient time in the clinical area with an instructor to determine clinical proficiency.

For the individual to receive credit for Level II, the above evaluations must satisfy the faculty of the Practical Nursing Program.

4. Credit for more than the first two levels of the program is granted only by a collaborative faculty decision.
5. Formal, signed articulation agreements are honored as executed.

TUITION / FINANCIAL AID

A. Tuition and Fees

1. Four weeks before enrollment all tuition, books, fees, etc. for the whole school year are due and payable or the student loan must have been approved. In lieu of tuition payment, eligibility for Title IV funds must be verified through a student aid report. If the student has an outstanding balance, he/she may be asked to leave the program.
2. Tuition for completion of the program in the next year is due and payable four weeks before re-enrollment.
3. Payment can be completed over the phone with a credit card payment (Visa or Mastercard). Personal checks & cash will **NOT** be accepted.
4. Tuition, fees, & supply costs are subject to change.
5. Additional fees apply for registration fee, Castlebranch account, uniforms, license applications, and other program requirements and are not covered in the cost of tuition or by financial aid.
6. Tuition for the days of school within one academic year is due and payable four weeks prior to the first day of class. Depending on financial need analysis, a student may be eligible for a Pell Grant and Federal Direct Loans. Tuition rate for the second academic year will be adjusted. All fees are subject to change. Payment can be completed over the phone with a credit card (Visa or Mastercard). Personal checks & cash will **NOT** be accepted. A student may establish a monthly payment plan with the Practical Nursing Program Bursar.

B. Financial Aid Refunds

Issuance of Title IV Funds

If a student's total amount of financial aid exceeds the amount charged for tuition and fees, they will be eligible for a refund. All refund checks will be issued within **14** days of the funds being credited to their student account. All refund checks must be used for educational related expenses (such as housing costs, living expenses, transportation, childcare). If a student's tuition and fees are not completely covered by financial aid, they will need to make arrangements to pay the balance on their student account.

All types of eligible federal financial aid (Pell Grants and/or Federal Direct Loans) are applied directly to a student's account. Pell Grants and Federal Direct Loans are disbursed twice per award year (as long as the student remains in good academic standing). The Practical Nursing Program consists of two financial aid award years which total **1,635** clock hours. Award year 1 includes the first 900 clock hours of the program and award year 2 includes the final 735 clock hours of the program. It is very important that students complete all required financial aid paperwork in a timely manner so that funding can be applied to the student's account and a determination can be made if a student is due a refund.

Return of Title IV Funds

If a student withdraws from the program, their Title IV funds may be adjusted. The financial aid office is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, drop out, are dismissed, or take a leave of absence on or before the **60%** point of the level. The federal Title IV financial aid programs must be recalculated in these situations.

Return policies apply to students that withdraw on or before the **60%** point of the level. For students that withdraw after the **60%** point in time, there is no unearned financial aid.

If a student leaves the institution on or before the **60%** point of the level, the financial aid office recalculates eligibility for Title IV funds. Recalculation is based on the percentage of earned aid using the following federal return of Title IV funds formula:

Percentage of payment period or term completed equals the number of days completed up to the withdrawal date divided by the total days in the payment period or term. (Any break of five days or more is not counted as part of the days in the term.) This percentage is also the percentage of earned aid.

Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula:

Aid to be returned equals 100% of the aid that could be disbursed minus the percentage of earned aid multiplied by the total amount of aid that could have been disbursed during the payment period or term.

If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds and the student would be required to return a portion of the funds. When Title IV funds are returned, the student borrower may owe a debit balance to the institution.

If a student earned more aid than was disbursed to the student, the institution would owe the student a post-withdrawal disbursement, which must be paid within 120 days of the student's withdrawal.

The institution must return the amount of Title IV funds for which it is responsible no later than 45 days after the date of determination of the date of the student's withdrawal.

Refunds are allocated in the following order:

- a) Unsubsidized Federal Direct Loans
- b) Subsidized Federal Direct Loans
- c) Federal PLUS loan (for parents)
- d) Federal Pell grants for which a return of funds is required
- e) Federal supplemental opportunity grants for which a return of funds is required
- f) Other assistance under this title for which a return of funds is required (e.g., LEAP)

Students who receive a refund of financial aid prior to withdrawing from the program may owe a repayment of those funds. Students will be contacted by the financial aid office in such situations and will be given 45 days to repay the funds to the program. Students who fail to return the unearned portion of federal financial aid funds given to them will become ineligible for continued receipt of financial aid until such time as the repayment is made.

School Refund Policy

Applicable to the first and second award years, tuition and/or fees will be refunded according to the following withdrawal date schedule:

Registration fee	Non-refundable
Prior to the first day of class	100%
First calendar week	100%
Second calendar week	75%
Third calendar week	50%
Fourth calendar week	25%
After the fourth calendar week	0%

Examples of how return of Title IV funds works in conjunction with the school's refund policy are available in the Practical Nursing Program's financial office.

FINANCIAL AID

The Chester County Intermediate Unit Practical Nursing Program is nationally accredited by the Accreditation Commission for Education in Nursing (ACEN), approved by the Pennsylvania State Board of Nursing and the Pennsylvania Department of Education. Reports of review by official agencies are available upon request.

1. Financial aid is available in the form of grants and loans. Aid is determined by financial need. Students with bachelor's degrees will not be eligible for a federal grant. The Free Application for Federal Student Aid (FAFSA) is used by the Chester County Intermediate Unit Practical Nursing Program to determine eligibility for financial need.

The main responsibility for meeting the student's educational expenses rests with the individual student. Parents of dependent students are expected to contribute according to their means, taking into account their income, assets, number of dependents, and other pertinent information. Both dependent and independent students are expected to contribute from their own assets and earnings.

2. Administration cooperates fully to assist students with private financial aid programs of tuition reimbursement, Veterans Administration educational assistance programs, etc.
3. Students apply for financial aid AFTER acceptance to the program and before enrollment. Students must complete a Federal Direct Loan Entrance Counseling session online at <https://studentaid.gov>. The Entrance Counseling session is required of all students who borrow under the Federal Direct Loan Program. The Entrance Counseling session will provide important details regarding loan repayment options, borrower's rights and responsibilities, debt management and loan default consequences.
4. Academic Year Definition: The Practical Nursing Program is **1,635** clock hours in length. The first academic year is defined as the first thirty weeks in the program or 900 clock hours. The second academic year consists of the remaining weeks or 735 clock hours. The second academic year is not a full academic year. Year two financial aid is prorated accordingly.

Federal funds are disbursed according to payment periods. The first academic year is made up of two payment periods (September/December enrollment). Year two consists of two payment periods (September/December enrollment). Students are given award letters which list the total awards for the academic year, disbursement amounts by payment period, and estimated disbursement date.

2023-2024 PELL Grant - Award Range: Up to **\$7,395** per year

The Pell Grant is a need-based award that does not have to be repaid. Pell Grants are awarded only to undergraduate students who have not earned a bachelor's degree. The Financial Aid Office determines the actual award amount based on your cost of education, enrollment status, and Estimated Family Contribution (EFC).

Eligibility Requirements:

1. Demonstrated financial need as determined by federally mandated and approved need analysis.
2. Undergraduate student - no prior bachelor's degree.
3. Enrolled in an eligible institution on at least a half-time basis and otherwise meets eligibility criteria (6 credits per semester or 450 clock hours).
4. U.S. citizen or eligible non-citizen.
5. Satisfactory academic progress.
6. Be registered with the Selective Service if required.
7. Not be in default on any loan or owe a refund on any grant made under the Higher Education Act of 1965, or amended, at any institution.

Application Fee: None

Application Form: Free Application for Federal Student Aid (FAFSA)

Application Form Availability: FAFSA on the Web - <https://studentaid.gov>

Application Process: Complete the 2023-2024 FAFSA on the Web online at <https://studentaid.gov>

This is the fastest and easiest way to apply for aid. In order to sign the FAFSA online, you will need a **Federal Student Aid (FSA) ID**. An FSA ID can be obtained online at <https://studentaid.gov>.

In approximately 3-5 days you will receive a Student Aid Report (SAR) with your 'Expected Family Contribution' (EFC) via email.

Application Deadline:

The FAFSA needs to be completed one month prior to class start date. Earlier is beneficial. To apply for federal financial aid, all students must complete the Free Application for Federal Student Aid (FAFSA) **each academic year**. The FAFSA can be completed online at <https://studentaid.gov>

YOU MUST indicate CCIU's federal school code (007529) on the FAFSA.

Application Form: Federal Direct Loan Master Promissory Note (MPN)

Federal Direct Loans are low-interest loans for students to help pay for the cost of a student's education. The lender is the U.S. Department of Education rather than a bank or other financial institution. The MPN is a legal document in which you promise to repay your loan(s) and any accrued interest and fees to the Department. It also explains the terms and conditions of your loan(s).

Application Form Availability:

You can complete the Federal Direct Loan Master Promissory Note (MPN) online at <https://studentaid.gov>

Federal Direct Loan Application Process:

The MPN should be completed 30 days before the start of class. The MPN is a legal document in which you promise to repay your loan(s) and any accrued interest and fees to the Department. It also explains the terms and conditions of your loan(s). In most cases, once you've submitted the MPN and it's been accepted, you won't have to fill out a new MPN for future loans you receive. You can borrow additional Direct Loans on a single MPN for up to 10 years.

Eligibility and Interest Benefits:

Eligibility is based on family income and financial need established by standards set by the federal government. The federal government subsidizes the interest on the Subsidized Loans while in school and during the grace period. For Unsubsidized Loans, the student is responsible for paying the interest on the Unsubsidized Loan while enrolled in school and during the grace period.

Federal Loan Type	Interest Rate	Origination Fee
Federal Direct Subsidized Loan (Disbursed on or after 7/1/23 and before 7/1/24)	5.50%	1.057% (On or after 10/1/20 to before 10/1/24)
Federal Direct Unsubsidized Loan (Disbursed on or after 7/1/23 and before 7/1/24)	5.50%	1.057% (On or after 10/1/20 to before 10/1/24)
Federal Direct PLUS Loan (Disbursed on or after 7/1/23 and before 7/1/24)	8.05%	4.228% (On or after 10/1/20 to before 10/1/24)

FEDERAL DIRECT LOAN MAXIMUMS

Dependent Undergraduates	Base Loan Amount Subsidized or Unsubsidized Loans	Additional Unsubsidized Eligibility	Total Loan Amounts
First Year	\$3,500	\$2,000	\$5,500
Second Year	\$4,500*	\$2,000*	\$6,500*
Independent Undergraduates			
First Year	\$3,500	\$6,000	\$9,500
Second Year	\$4,500*	\$6,000*	\$10,500*
	TOTAL AGGREGATE LIMITS		
Dependent Undergraduates	\$31,000**		
Independent Undergraduates	\$57,500**		

*Second year loans are pro-rated based upon the number of clock hours in year two.

**No more than \$23,000 may be subsidized loans.

Loan Deferment:

Repayment of Federal Direct Loans can be postponed while a student is enrolled in an approved educational institution on at least a half-time basis and during a specified grace period. It is the student's responsibility to contact Direct Loan Servicing at (800) 848-0979 to process deferment paperwork, resolve questions about your loan, update address/name changes, repayment estimates, repayment plan changes, deferment and forbearance forms.

Federal Direct PLUS Loan:

Federal Direct PLUS Loans are low-interest loans for parents to help pay for the cost of a student's education. The lender is the U.S. Department of Education rather than a bank or other financial institution. The PLUS loan is available to credit-worthy parents of dependent students, regardless of financial need. Parents can borrow up to the cost of attendance minus other financial aid received.

Denial of a Federal Direct PLUS Loan

If a parent of a dependent undergraduate student is denied for the PLUS Loan due to an adverse credit rating, the federal government automatically allows the student to apply for an additional Federal Direct Unsubsidized Loan. The Financial Aid Office must receive the denial notice annually to process the additional Federal Direct Unsubsidized Loan.

Annual Limits: Federal Direct PLUS Loans are limited to the difference between the Cost of Attendance (COA) minus other financial aid received, including Federal Direct Loan assistance for which the dependent student is eligible.

Application Form: PLUS Loan Master Promissory Note (MPN)

Application Form Availability:

To apply for the Federal Direct PLUS Loan, go online to **<https://studentaid.gov>**. A parent must complete the PLUS Loan Master Promissory Note (MPN) and a PLUS loan request form.

Application Process:

The Financial Aid Office provides student access to scholarship sources throughout each academic year. Students are advised to apply directly to private organizations and groups sponsoring scholarships or other education assistance programs. We encourage all students to check with their Human Resource office where they work for scholarships. All aid received from sources outside the Practical Nursing Program must be reported to the financial aid office.

Having Problems With Your Federal Direct Loans?

Your first resource is the Financial Aid Office at the school you are attending. Next would be Direct Loan Servicing. After you have exhausted these resources, if you are still unable to resolve your situation, the Department of Education, Office of Student Financial Assistance (OSFA) has an Ombudsman who works informally with student borrowers to resolve loan disputes and problems. They help borrowers having problems with the following loans: Federal Loans, Subsidized and Unsubsidized and Federal Perkins Loans.

You can contact the OSFA Ombudsman at:

Internet: **www.studentaid.ed.gov/repay-loans/disputes/prepare/contact-ombudsman**

Phone: 1-877-557-2575

Fax: 606-396-4821

Mail: US Dept of Education
FSA Ombudsman Group
PO Box 1843
Monticello, KY 42633

NSLDS Student Access Web Site

What is the National Student Loan Data System (NSLDS)?

NSLDS is the U.S. Department of Education's (ED's) central database for student aid records. NSLDS provides a centralized, integrated view of your federal Title IV education loans and grants, tracking from when they're approved through when you pay off your loans.

What is the NSLDS Student Access Web Site?

The NSLDS Student Access Web Site was designed for student and parent borrowers to track and manage their federal student loans and/or grant amounts, outstanding balances, loan status, and loan amounts you receive. Both student and parent borrowers can use it.

What is the Web Site address?

https://nsldsfa.ed.gov/nslds_SA/

You can use it 24 hours a day, 7 days a week. Sometimes database maintenance occurs during weekends or late-night hours; scheduled maintenance hours are posted ahead of time.

How do I access the NSLDS Student Access Web Site?

To access the Web Site, you key in:

- Your social security number (SSN)
- The first two letters of your last name
- Your date of birth
- Your government-provided FSA ID username and password

These are your "identifiers."

What if I enter my identifiers but no data or wrong data appear?

Check to be sure you entered all your personal information correctly. If so, and you still have problems, call the Federal Student Aid Information Center at 1-800-4-FED-AID.

How secure is the NSLDS Student Access Web Site?

Very. The unique combination of SSN, FSA ID, and other personal information needed to access the Web Site makes it as secure as using an automatic teller machine (ATM).

Common Student Application Errors:

1. Not answering every question on the application(s).
2. Not affixing proper signatures on the application(s).
3. Checking wrong year in school. Levels I and II students should circle first year. Levels III and IV should circle second year.
4. Incorrectly identifying number in household and number in college. The student is included if students provide more than 50% of this person's support. Number in college cannot include the parents of the dependent student.
5. Using wrong year tax return or no tax return for calculating figures. Remember, you will use:
 - **2021 tax return for 2023-2024 school year's aid application.**
6. Using wrong lines on IRS form(s).
7. Using tax refunds as part of taxes paid.
8. Using incorrect number of itemized deductions.
9. Not proofreading application after completion.
10. Not retaining copies of tax returns.
11. Not reporting changes in family situation to financial aid office.
12. Missing deadline.

Additional Common Errors:

- Attachment of unsolicited letters and documents - only those materials specifically requested in the instructions should be attached to the application.
 - Failure to complete the "white" (unshaded) sections of the application, particularly in the income sections - All applicants must complete these items.
 - Entering the year that the GED was received rather than the projected year of high school graduation. A GED recipient should enter the year he/she would have graduated had the student not withdrawn.
5. **Process and Time of Distribution:** Students' loans are credited to a student's account within 3 days of receiving the funds, verifying enrollment if satisfactory academic and clinical progress is evident. *First time students are subject to a 30-day delay in receiving loan funds.* When electronic fund transfers are received, students are notified and intended educational use of the money is explained and credited to their account. When all costs have been met at school, refunds of extra money are given to the student within **14** days after the loan funds have been received and credited to the student's account card.

6. **Satisfactory Academic Progress:** Continued eligibility for financial assistance is dependent upon the financial resources of the student as determined by federal formulas and the ability of the student to maintain satisfactory academic progress. Because the courses are sequential in nature and offered in a structured framework, a student **MUST** complete all phases of each level of instruction before the next level can be attempted. The details of academic progression are listed on page **41** of the Practical Nursing Program Handbook. Should a student fail to complete the requirements of any level, **the student must repeat the failed course(s) at their own expense.** When the requirement has been successfully completed, financial aid eligibility may be reestablished, and the student may again participate in the financial aid programs if he/she is eligible. For financial aid purposes, the student must complete the program within the time frame required for six levels.

Program Interruptions: A student in good standing who withdraws from a level due to health problems, family illness, or other extenuating circumstances shall be eligible to apply for aid for the completion or repetition of not more than one partially completed semester.

Appeal Procedure: In the event of highly unusual or extenuating circumstances which result in the student not maintaining satisfactory progress, the student may appeal to have their eligibility status reviewed by the financial aid officer. The appeal should be in writing and state the reasons why the student did not achieve the required academic standard and why aid should not be terminated. If students feel they are not judged fairly, they have the right to appeal through the school's regular grievance procedure which is in the Student Handbook.

7. The program does **not** offer work study programs to assist with costs. We cannot offer articulation with foreign studies.
8. Entrance and Exit counseling are mandatory for each student receiving financial aid. Students can complete the online Entrance Counseling session online at **<https://studentaid.gov>**. The Exit Counseling session can be completed online at **<https://studentaid.gov>**.
9. The school has a stairless entry and an elevator to assist in wheelchair transportation. Students with qualified handicaps can be accommodated in the nursing program (see page **22** of Student Handbook).
10. All costs of attendance are made available to any interested parties in the program brochure, at the applicant's interview, and at the financial aid seminars and with acceptance packet (see attached). Also, students are billed for costs by year one and year two. Account cards are available from the Bursar at any time.

11. Sample Financial Aid Budget - The following example illustrates how an institutional expense budget and other factors impact on a student's financial aid package. This example, of course, is hypothetical, for each student's aid package is determined on an individual basis.

Hypothetical Budget Expense:	1st Year Dependent Full-time Student	1st Year Independent Full-time Student
Educational Costs	\$25,525	\$34,163
Expected Family	0	0
Financial Need	\$25,525	\$34,163
Resources		
Pell Grant	-\$7,395	-\$7,395
Adjusted Financial Need	\$18,130	\$26,768
Recommended Federal Direct Subsidized Loan	-\$3,500	-\$3,500
Recommended Federal Direct Unsubsidized Loan	-\$2,000	-\$6,000
Remaining Need	\$12,630	\$17,268

Determination of Last Day of Attendance:

- a. Faculty will report absences to the practical nursing administrative assistant. Any pattern of absence or absences exceeding two days will be communicated to the nursing program director. A student may withdraw at any point within the program. It is required that the student notify the nursing director regarding their withdrawal. It is recommended that the student submit in writing their intent to withdraw. If a letter or oral communication is not received and the director determines a student will not return; the administrative assistant will prepare a withdrawal/leave of absence form indicating the official date of absence and the director will sign the form.
- b. If no call/no show status continues for five days, the student is considered "**WITHDRAWN**" from the program as of the last day of attendance and is notified by mail. In the event of extenuating circumstances (considered to be "extenuating" by the faculty and/or director) and if the student's attendance previous to this has been good and he/she is making academic/clinical progress, an **INCIDENCE of ABSENCE** request from the student will be considered by the Practical Nursing Director and faculty. If the "Incidence" is granted, the absence is reduced to one (1) day.
- c. The withdrawal/leave of absence form will be given to the Financial Aid Officer to enable completion of exit interviews, return of Title IV funds calculation, and to the administrative assistant to perform accounting adjustments as necessary.

In the event of withdrawal, faculty, financial aid, and student academic files will all receive notification of the Last Day of Attendance (the last day the student was in class or in clinical).

Employment/Job Placement:

Greater than **90%** of graduates are employed in health care delivery. Average starting salaries are approximately \$48,000. The graduates are employed in the following areas:

Extended Care Facilities	50%	Psych/Neuro	15%
Acute Care	5%	Physician's Family Practices	10%
Home Care	10%	Other	10%

Campus Security/Students' Right to Know:

Principal of Student Services is responsible for campus security. In our continuing concern for the safety and welfare of our 2,240 students and 75 staff members on campus, we do not tolerate misconduct. Close networking with all levels of administration and law enforcement help keep crime rate at a minimum with semiannual reporting to Pennsylvania Department of Education. All adults in the building must have a State Police Criminal/Child Abuse Clearances. Policies of Drug/ Alcohol Abuse and Criminal Conduct are strictly enforced.

All crime witnessed or experienced at the school, must be reported immediately to staff.

The Student Right to Know and Campus Security Act PL 101-542 and 102-26 1991 amendments require you to be informed of the following information:

Please refer to page 85 for current Student Rights & Safety Report.

Verification

Verification is a process where the financial aid officer must verify that information reported on the aid application is true and correct.

Applicants are selected for verification at **random** through computer edits. The verification flag is an "*" next to the EFC number on the Student Aid Report (**SAR**). The student is also notified of selection in Part 1 of the **SAR**.

Specific items to be verified are:

- Household size
- Number enrolled in post-secondary schools
- Adjusted gross income and taxes paid from a Signed Federal Tax return
- Untaxed income and benefits

Documentation required:

1. IRS Tax Return Transcript (www.irs.gov - "Get your tax record" or 800-908-9946)
2. Verification worksheet (provided by Financial Aid Office)
3. Other financial documents as requested by Financial Aid Office

Selected students are required to provide documentation as specified by letter from the financial aid office within **14** days of receipt of notice. Failure to do so will result in the cancellation of all financial aid. Students will be responsible to pay for tuition costs.

Students will be notified in writing of award changes through a revised award letter.

The criteria listed below is used to determine student status:

Independent student for PELL Grant Program and Federal Direct Loan Program is an individual who meets **one** of the following criteria:

1. Be 24 years of age or older by December 31 of the Award Year.
2. An orphan or ward of the court, or both your parents are deceased.
3. A veteran of the Armed Forces of the United States.
4. An individual with legal dependents other than a spouse (must get more than half of their support from the student).
5. A graduate or professional student
6. A married person.

Please Note: Students with special circumstances not addressed in the criteria above should in all cases contact the Financial Aid Officer for advice.

When appropriate, the financial aid administrator may require verification information from a student.

Specific codes requiring verification/clarification of social security numbers, draft registration for males, alien registration card, etc. on the Student Aid Report will require additional information from the student to assure eligibility to receive financial aid.

Student Rights and Responsibilities

Student Rights - You have the right to:

- Know what financial assistance is available, including information on all federal, state, and institutional financial aid programs.
- Know the deadlines for submitting applications for each of the financial aid programs available.
- Know the cost of attending the institution and the school's refund policy.
- Know the criteria used by the institution to select financial aid recipients.
- Know how the school determines your financial need. This process includes how costs for tuition and fees, room and board, travel, books and supplies, personal and miscellaneous expenses, etc. are considered in your budget.
- Know what resources (such as parental contribution, other financial aid, your assets, etc.) are considered in the calculation of your need.
- Know how much of your financial need, as determined by the institution, has been met.
- Know how and when you will be paid.
- Request from the financial aid office an explanation of the various programs in your student aid package. If you believe you have been treated unfairly, you may request reconsideration of the award which was made to you.
- Know what portion of the financial aid you received must be repaid, and what portion is grant aid. If the aid is a loan, you have the right to know what the interest rate is, the total amount that must be repaid, the payback procedures, the length of time you have to repay the loan, and when repayment is to begin.
- Know how the school determined whether you are making satisfactory progress and what happens if you are not.
- Know the names of the school's accrediting agencies.
- Know about the school's curriculum, attrition rates, instructional facilities, and the faculty.

Student Responsibilities - It is your responsibility to:

- Review and consider all information about the school's program before you enroll.
- Complete all application forms accurately and submit them on time to the right place.
- Pay special attention to and accurately complete your application for student financial aid. Errors can result in long delays in your receipt of financial aid. Intentional misreporting of information on application forms for federal financial aid is a violation of law and is considered a criminal offense subject to penalties under the U.S. Criminal Code.
- Return all additional documentation, verification, corrections, and/or new information requested by the financial aid office or the agency to which you submitted your application.
- Read and understand all forms that you are asked to sign and keep copies of them. Accept responsibility for all agreements you sign.

- If you have a loan, notify the lender of changes in your name, address, or school status. Know and comply with the deadlines for application or reapplication for aid.
- Know and comply with your school's refund procedures.
- Students receiving financial aid must assume responsibilities for maintaining their aid from term to term. If the following criteria are not met, financial aid will be canceled.
- Maintain satisfactory progress.
- Financial aid recipients are also required to submit honest and accurate information concerning enrollment and family financial circumstances. **Any changes** in the number of courses enrolled name, address, marital status, financial status or withdrawal from school should be reported to the financial aid office promptly.
- Students should notify the financial aid office when withdrawing from school or completing the program. If loans have been taken, the student is required to complete an online entrance and exit counseling session.
- Applicants with criminal histories are encouraged to consult the Act 53 of 2020 Best Practices Guide and related Preliminary Determination procedures (available at <https://www.dos.pa.gov/ProfessionalLicensing/Pages/ACT-53-2020.aspx#:~:text=The%20board%20will%20determine%20whether,of%20license%20you%20are%20seeking>) with regard to the impact that a criminal conviction may have on licensure upon graduation from the PNP.

Veteran's Education Benefits

The Chester County Intermediate Unit Practical Nursing Program is dedicated to helping veterans, service members and their families achieve their educational and career goals. The financial aid office can provide information and assistance to veterans and dependents of veterans eligible for Veterans Educational Assistance. Veterans Educational Benefits may include: Chapter 33 (Post 9/11 GI Bill) Chapters 30, 31 and Dependents' Educational Assistance

Program Chapter 35 as well as the new Chapter 33 Transfer of Eligibility to a Dependent. Veterans and dependents may be eligible to receive educational benefits depending on the program that they may qualify for.

Applying for your VA education benefits can be done in just a few steps:

- Apply online for the benefit you want to use: <http://www.benefits.va.gov/gibill/apply.asp>
- Visit your nearest VA regional office to apply in person.
- Consult with the VA Certifying Official-the Financial Aid Office can help you at CCIU, Practical Nursing Program.
- Call 1-888-GI BILL-1 (888-442-4551) to have the application mailed to you.

ACADEMIC PROGRAM

A. Program Options

The Practical Nursing full-time program is **1,635** hours. There are **four (4)** levels. Various enrollment options exist:

1. **Downingtown Campus: Full Time - Days**
 - a. Enrolls fall & winter of each year.
 - b. Class/clinical meets five days a week, Monday through Friday.
 - c. Summer recess is approximately mid-June through late August.
 - d. Each Level is approximately 12 to 13 weeks in length relevant to scheduled holidays and inclement weather.
 - e. Total program is over 15 months.
2. **Downingtown Campus: Part Time - Evenings**
 - a. Enrolls every other year.
 - b. Class/clinical meets four evenings a week (Monday through Thursday)
 - c. School is closed for a short summer recess and major holidays as scheduled.
 - d. Each level is approximately 20 weeks in length relevant to scheduled holidays and inclement weather.
 - e. Total program is over 18-20 calendar months.
3. **Phoenixville Campus: Full Time - Days**
 - a. Enrolls winter of each year
 - b. Class/clinical meets five days a week (Monday through Friday)
 - c. Summer recess is approximately mid-June through late August.
 - d. Each level is approximately 12 to 13 weeks in length relevant to scheduled holidays and inclement weather.
 - e. Total program is over 15 months.
4. **West Grove Campus: Full Time- Days**
 - a. Class enrolls fall of each year
 - b. Class/clinical meets five days a week (Monday through Friday)
 - c. Summer recess is approximately mid-June through late August.
 - d. Each level is approximately 12 to 13 weeks in length relevant to scheduled holidays and inclement weather.
 - e. Total program is over 15 months.

B. Academic Year Definition

The Practical Nursing Program is **1,635** clock hours in length. The first academic year is defined as the first 30 weeks in the program or 900 clock hours. The second academic year consists of the remaining weeks or 735 clock hours. The second academic year is not a full academic year. Year two financial aid is adjusted accordingly.

Federal funds are disbursed according to payment periods. The first academic year is made up of two payment periods. The second academic year also consists of two payment periods. Students are given award letters that list the total awards for the academic year, disbursement amounts by payment period, and estimated disbursement dates.

C. Promotion

Tests and quizzes are timed to help students prepare for National Council Licensing examination (NCLEX).

1. Complete all course requirements.
2. Pass each course within the present level with a grade of **75%** or above. During the course, if academic progress is not evident (80 or below for current course grade), the following process will be implemented:
 - a. The faculty will notify the student if the student's scores are below 80.
 - b. The student and faculty member will discuss a plan of action to show improvement.
 - c. The student will be expected to seek out remedial help.
 - d. A referral to the program tutor (if available) will be recommended by the instructor and initiated by the student by sending an email request to **PNPReview.cciu.org**.
 - e. Given an extenuating circumstance, an incomplete may be assigned by the administrator. An incomplete converts to a course failure if course outcomes are not achieved within four (4) weeks from course completion date.
3. Each level or course may only be repeated once. If a passing grade of 75% or higher is not achieved in a course, the student will be allowed to re-enroll & re-take the course once (one additional time). If the course is not passed the second time successfully, then the student is dismissed from the program.
4. Receive a satisfactory clinical evaluation. Specific guidelines are listed on the clinical evaluation form and the related course outline.
5. Not exceed a total of 21 hours of absence per level. (Greater than 21 hours of absence per level may prevent promotion to the next level. **See attendance policy, page 47**). Maximum score for a make-up test due to absence is 75%.
6. Pass Integrated Pharmacology test in Level II, III, and IV. The expected role of the LPN in our community health care facilities places heavy importance on clinical skills and pharmacology.
 - a. Failure of Integrated Pharmacology Levels II and III:
 - i. A student who does not achieve a passing score in Integrated Pharmacology tests (75% overall average) in Levels II and III will have their progression delayed.
 - ii. The student will be encouraged to complete their current courses and then take 4-8 hours to remediate with a tutor.
 - iii. After a minimum of 4-8 hours to remediate & review, the student must take the Integrated Pharmacology Challenge Exam in which a passing score of 80% is achieved.
 - iv. If 80% is not achieved, another 4-8 hours of remediation with a tutor will occur and a second Integrated Pharmacology Challenge Exam will be taken by the student. A passing score of 80% is required.
 - v. If a passing score is still not earned, the student is required to repeat the most recent medical-surgical course completed (Level II - Medical Surgical I; Level III - Medical Surgical II).

- vi. When an 80% is earned on the Integrated Pharmacology Challenge Exam, the student may progress with the courses in the program when it is next offered.
- vii. There is a charge of \$50 per Integrated Pharmacology Challenge Exam.

b. Failure of Integrated Pharmacology Level IV:

- i. A student who does not achieve a passing score in Integrated Pharmacology tests (75% overall average) in Level IV will have one opportunity to remediate while continuing in the level.
 - ii. The student will need to remediate & review a minimum of 4-8 hours with a tutor and then must take the Integrated Pharmacology Challenge Exam in which a passing score of 80% is achieved.
 - iii. If 80% is not achieved on the Pharmacology Challenge Exam, then the student is required to repeat the Medical-Surgical Nursing III course. The academic portion as well as the clinical portion must be repeated at their own expense.
7. Pass the Medication Simulated Lab Experience and all other lab objectives. Refer to course outlines for specifics.
 8. Achievement of a 92% or greater predicted probability of passing NCLEX (or the equivalent) on a PN comprehensive predictor exam is a course requirement for Medical Surgical Nursing III (see Medical Surgical III outline). If a student does not pass the first 2 Predictor attempts with a score of 92% or higher than the student will have an "Incomplete" in Medical Surgical III.

The student will be required to complete 75% of Virtual- ATI work within 4 weeks from date of last day of class before they can retake predictor (attempt #3). The 75% Virtual ATI work consists of engagement with your coach each week & completion of Medical-Surgical, Maternal Newborn & Nursing Care of Children, and Mental Health modules. The student's progress report in ATI must show documentation that the student has met the 75% requirement.

If a score of 92% or greater is not achieved on the 3rd attempt of the predictor, a 4th attempt may be required at the discretion of the director. If the student has achieved at least an 88% or above on one of the three predictor attempts, then their Nurse Education Verification (NEV) will be submitted to State Board of Nursing. The completion date will be the date of the third predictor attempt. If the student has not achieved at least an 88% on one of the three predictor attempts, then they will be required to take a 4th attempt of the predictor.

If a student does not have 75% of Virtual ATI work completed prior to the predictor retake (3rd attempt) and/or has not taken a predictor retake within the 8 weeks from date of last day of class, then the student will not have completed the program and will have to repeat Medical-Surgical III to receive diploma and satisfy course outcomes. Student will have to self-pay to repeat Medical-Surgical III (financial aid not applicable for repeat courses).

Students will be responsible for cost of \$75.00 for predictor retake exam (3rd & 4th attempt).

D. Points

1. Student Assignments

Students shall receive a report schedule for assignments at the beginning of each Level.

- a. If an assignment is submitted up to one week late, the highest grade the student could receive for that assignment would be an 85%.
- b. If an assignment is submitted up to two weeks late, the highest grade the student could receive for that assignment would be a 75%.
- c. After two weeks, the student would be unable to submit the assignment, and would receive a 0% for that assignment.
- d. Student must have an overall average of 75% or greater on all care plans. If a student's overall care plan average is not 75% or greater, than they may not advance to the next level & will need to repeat the Fundamentals or Medical Surgical course at the cost of the student (financial aid not applicable for repeat courses).

E. Re-Enrollment

1. When a student is unsuccessful at completing one of the courses, they will have the opportunity to meet with the primary instructor to discuss recommendations which would facilitate success once the student returns to school. These verbal or written recommendations could be clinical and/or academic in nature.
2. The student can meet with the director to discuss financial obligations based on the guidelines set forth by the primary instructor.
3. The students currently enrolled will receive priority regarding clinical space.
4. Students may request re-enrollment when space is available. This may or may not be when the course is next offered.
5. If a student does not return within a year to repeat the course, re-enrollment and additional prerequisites will be at the discretion of the director and the instructors.
6. A **\$50** re-enrollment fee will be due three months prior to re-enrollment to assure a slot in the upcoming class. This fee is non-refundable.

F. Satisfactory Academic Progress

1. Continued eligibility for financial assistance is dependent upon the financial resources of the student as determined by federal formulas and the ability of the student to maintain satisfactory academic progress.
2. Because the courses are sequential in nature and offered in a structured framework, a student **must** complete all phases of each level of instruction before the next level can be attempted. The details of academic progression are listed under "Promotion" of the student handbook.

3. Should a student fail to complete the requirements of any level, **the student must repeat the failed course(s) at their own expense.** When the requirement has been successfully completed, financial aid eligibility will be reestablished, and the student may again participate in the financial aid programs for which they are eligible.
4. For financial aid purposes, the student must complete the program within the timeframe required for six levels.
5. Failure to comply with these requirements may result in loss of eligibility for financial aid programs (Title IV).
6. Program Interruptions: A student in good standing who withdraws for a term or terms due to health problems, family illness, or other extenuating circumstances shall be eligible to apply for aid from the school for the completion or repetition of not more than one partially completed semester.
7. Appeal Procedure: In the event of highly unusual or extenuating circumstances which result in the student not maintaining satisfactory progress, the student may appeal to have their eligibility status reviewed by the financial aid officer. The appeal should be in writing and state the reasons why the student did not achieve the required academic standard and why aid should not be terminated. If students feel they are not judged fairly, they have the right to appeal through the school's regular grievance procedure which is in the student handbook on page 64-66.

G. Graduation Requirements

To be eligible to sit for Medical-Surgical Nursing III final examination, **all** program financial obligations must be met and/or paid. The Medical Surgical Nursing final examination must be completed within four (4) weeks of the course completion date. Please see Academic Program Policy, C, page 40. Promotion for details regarding an incomplete grade.

Upon successful completion of all academic and clinical requirements and fulfillment of all financial obligations, a diploma of practical nursing will be awarded. Underclass officers are invited and expected to attend all graduation ceremonies while they are enrolled. Any absences must be excused by the director.

H. Diploma, Transcript, and Reference Services Policy

The graduating student will receive their diploma only when all academic, clinical, financial, and attendance obligations have been satisfactorily completed.

Requests for transcripts and/or references will be honored and mailed from the school only if the graduate's student financial aid repayment schedule is in good standing (not in delinquency or default). In addition, transcripts may not be released for a student with an account balance. There is a transcript and reference service charge of **\$2 per transcript**. Requests must be in writing with an original signature.

I. Honor Society Achievement Award Procedure

Any student who has a cumulative average at the end of Level III of **85% or above** and has successfully completed all clinical components of Level I, II, and III will be recommended for induction into the National Association of Licensed Practical Nurses, Inc. (NALPN) Honor Society. Students will be recognized at their graduation ceremony.

ATTENDANCE

A. Philosophy

This is an intense program. Attendance in the classroom and in the clinical area is **mandatory**. Absence and tardiness will be monitored closely by the faculty. The theory and clinical school hours are reviewed at the beginning of each level.

Professional work ethics are expected by your school and your future employers. Attendance will be noted by your faculty when references are requested.

100% perfect attendance is our goal.

A. Policy

To assure program success, it is recommended that students do not exceed **21** hours (3 days) of attendance time per Level.

1. If a student arrives late for class or clinical or leaves early, they will receive a late documentation.
2. Disciplinary action up to and including termination may be taken if a pattern of tardiness and absence is noted and not corrected.
3. The faculty will notify the director if the student is absent more than three scheduled classes. Dismissal is at the discretion of the director.
4. Students are required to be in attendance promptly at the scheduled hour. Continued tardiness or attendance abuses will not be tolerated.
5. To assure quality patient care, any student assigned to a patient care area who is unable to be present a minimum of 90 minutes after the start of their clinical rotation, may not report to clinical and is documented as absent.
6. If 21 hours of clinical/lab time is missed, student must be able to meet clinical objectives as defined by the program director. The student may be required to make up that time based on staffing and site availability. The practical nursing program requires 623 clinical hours, unless directed differently by the State Board of Nursing.

7. Sleeping in class or disruption of the class can be considered an absence.
8. If a student is absent when a test is administered, the student must make up all tests at the faculty directive. Exams must be made up within 1 week from date of exam. The highest possible score that can be achieved on test is **75%**. If a test is not taken within 1 week from date of exam, then the student will receive a 0%. A test can be scheduled prior to an absence to achieve grade earned.
9. The only absences that can be excused are:
 - a. A call to duty in the armed forces.
 - b. Jury duty.
 - c. Subpoenaed court appearances and court ordered appearances to non-courtroom meetings.
 - d. Nurse aide certification testing.
 - e. Naturalization ceremonies (U.S. citizenship).
 - f. Bereavement leave for a death in the immediate family (defined as spouse, child, son/daughter-in-law, parent, step-parent, parent-in-law, sibling, sibling-in-law, grandparent or grandparent-in-law).
 - g. Incidence of Absence.

The above are excused absences and will not be counted as an absence. All such instances **must be certified in writing** by the appropriate agency. Length of bereavement and other extenuating bereavement issues are at the discretion of the faculty and director.

C. Procedures

1. Absences or late attendance on class or clinical days must be reported by utilizing the attendance hot line. The number is **484-237-5476**. Students not reporting off by using the attendance hot line will receive disciplinary action up to and including dismissal. Students must call the attendance hotline a minimum of 60 minutes before the start of the clinical day. Students are not to report off by calling the instructor directly.
2. Faculty/staff will document absences based on the following criteria:

Late Documentation (documents late arrival/leave early)

Student arrival within one and a half hours of class/clinical start time equal one late. Student departure within one and a half hours of class/clinical end time equals one late and will be documented as 1.4 hours absent.

Half Day Documentation (documents half day attendance)

Student is in attendance less than 50% of the designated class/clinical day equals half day.

Full Day Absence

No attendance for the class or clinical day equals one day.

Examples:

Class is scheduled 8 AM to 3 PM

Student arrives 8:01 to 9:30 AM, faculty/staff documents one late.

Student in attendance less than 3.5 hours, faculty/staff documents half day.

Student leaves between 1:31 and 3 PM, faculty/staff documents one left early.

Class is scheduled 5:30 to 10:30 PM

Student arrives 5:31 to 7 PM, faculty/staff documents one late.

Student in attendance less than 2.5 hours, faculty/staff documents half day. Student leaves between 9:01 and 10:30 PM, faculty/staff documents one left early.

3. The school may request a physician's certificate prior to returning to school following an illness, pregnancy, or injury.
4. It is the student's responsibility to contact their instructor if he/she has or is exposed to a contagious disease or incur any physical limitations. This may prohibit attendance at class/clinical. A physician's note may be required to return to class/clinical.
5. If abuse of attendance is evident, consequences can be expected, including dismissal. Dismissal can occur for excessive absences, late arrivals, or repeatedly leaving early.

D. Incidence of Absence

1. In the event of serious illness or extenuating circumstance that causes a student to miss multiple days of school a request of an incidence of absence may be made in writing to the director with proper documentation **within one week**.
2. The decision to grant an incidence of absence is at the discretion of the director and the faculty and is final. If approved, a multiple-day absence may count as one seven (7) hour absence (1 day).
3. The student must continue to meet the course objectives.
4. If a prolonged incident occurs preventing the student from achieving clinical objectives or delaying graduation, make-up time may be mandated by the faculty, or the course may need to be repeated. The cost will be the responsibility of the student.
5. An incidence of absence request from the student will be considered by the director and the faculty if:
 - a. Extenuating circumstances are determined by the director and/or faculty.
 - b. No disciplinary action related to the attendance policy has occurred.
 - c. The student is making academic/clinical progress.

E. Leave of Absence

1. A student making adequate academic progress may request a leave of absence due to personal or physical reasons.
2. A leave of absence will not be granted for lack of academic progress.
3. Any requests for a leave of absence must be presented in writing to the director.
4. The student may reenter the program subject to the following conditions:
 - a. Leaves shall be limited to two per student.
 - b. The student requesting to reenter following a leave of absence must present a written request to the director.
 - c. All financial and academic requirements of the previous level must be completed before applying to reenter the program.
 - d. Any student requesting re-entry may need to satisfactorily (75%) complete a comprehensive exam of the material presented in the previous level at the discretion of the director.
 - e. A **\$50** re-entry fee is required. This fee is non-refundable.
 - f. The student will repeat the level in which the leave of absence was granted.
 - g. Clinical space must be available for the student to return.
 - h. The reentering student will be assessed the current tuition rate. Update of clinical requirements may be required.
 - i. Reenrollment arrangements must be made within one year of leave of absence. Reenrollment greater than one year will be at the discretion of the director.
 - j. A specific plan may need to be developed to demonstrate retained competencies.
 - k. If more than two comprehensive exams are administered, the total cost will be \$200 for reentry. This fee is non-refundable.
 - l. If leave of absence extends beyond 60 days, it is referred to as a "withdrawal" for financial aid purposes.
5. A student who requests a leave of absence for **child rearing** shall be granted such a leave and may re-enter the Practical Nursing Program subject to the conditions of the leave of absence policy.

F. Withdrawal

1. A student may withdraw at any point within the program. It is required that the student submit in writing their intent to withdraw. If a letter or oral communication is not received and the director determines a student will not return, the administrative assistant will prepare a withdrawal/leave of absence notification form.
2. If no call/no show status continues for five days, the student is considered withdrawn from the program as of the last day of attendance and is notified by mail.
3. An incidence of absence request from the student will be considered according to the policy noted above.
4. The withdrawal/leave of absence form will be given to the financial aid officer to enable completion of exit interviews and to calculate Title IV funds to be returned. The program bursar will perform accounting adjustments as necessary.

HEALTH POLICY

A. CPR Certification

CPR certification must remain current. Health Care Professional certification is required and must include AED and adult and pediatric CPR. On-line courses and courses without "hands on training" are not acceptable. The only approved courses are as follows:

- **American Safety and Health Institute** - CPR Pro for the Professional Rescuer. (bottom corner reads, "*BLS for Healthcare Providers*")
- **American Heart Association** - Basic Life Support (BLS) for Healthcare Providers.
- **American Red Cross** - CPR/AED for Professional Rescuers and Health Care Providers.

B. Blood-Borne Pathogen Policy

1. All students will be instructed in blood-borne pathogen risk and prevention in Fundamentals of Nursing curriculum.
2. If a student receives a needle stick during clinical or lab practice, it is their responsibility to immediately notify the faculty. The faculty notifies the director of the program and supervisor at the clinical site when indicated. A facility incident report and appropriate Chester County Intermediate Unit Practical Nursing Program incident report will be completed and filed.
3. All incident/accident reports will be filed immediately, and follow-up care is at the student's expense. The faculty will instruct the student to be seen by their healthcare practitioner within two hours if the patient is identified as "high risk" by the clinical facility and within 24 hours for all other patients. (If the student does not have a health care practitioner, he/she will be referred to Med Center 100 or the student can choose another urgent/emergency care facility which is available to provide the care as needed. The cost is the student's responsibility.)
4. It is the student's responsibility to continue with follow-up. 1-888-HIV-4911 is a resource for post-exposure health care worker follow-up.
5. A statement that the student was initially seen by a health practitioner related to needle-stick exposure is necessary to return to the clinical area.

C. Illness

1. Students becoming ill or receiving an injury during the day/evening are to report to their instructor. If the instructor is not available, report to the director.
2. During periods of clinical assignment, the emergency facilities of the affiliating institution are available with the student responsible for costs.
3. Students must assume responsibility for all medical or surgical treatments they need during their tenure in the Practical Nursing Program. The school bears no financial or other responsibility for accidents or injuries the student sustains during the course of study in the program.
4. Health insurance is mandatory during enrollment. Low-cost student health insurance information is available from the office.

D. Drug and Alcohol Use/Abuse

The Pennsylvania Drug and Alcohol Control Act of 1972 provides that a minor can give consent for his treatment or even refuse it without the consent of the parents or legal guardian. If a student has a drug problem, the school wants to help and will provide them with all available resources. Students should communicate directly with their primary instructor following the chain of command.

Standard operating procedures are:

1. Medical emergency will include prompt medical attention and notification of appropriate persons in accordance with existing school policy.
2. Students will be referred to *PA Nurse Peer Assistance Program (PNAP)*. Confidentiality will be maintained.
3. Student possession and use (suspicion of) will entail conference with a faculty member, whereby the student will be encouraged to consult a drug counselor.
4. Possession and use of non-prescribed controlled substances constitutes illegal conduct which leads to termination from the Practical Nursing Program. Pennsylvania State Board of Nursing may prohibit anyone from writing the NCLEX licensure examination for ten years if he/she has been convicted of a crime involving alcohol abuse or abuse of a controlled substance. The local law authorities may be contacted as indicated.

GENERAL STUDENT POLICIES

A. Employment Policy

In accordance with the rules and regulations for practical nursing programs of the State Board of Nursing, the following student employment policy is effective:

1. Students are discouraged from working full time while in the program except over the summer break when school is not in session or while enrolled part time.
2. The maximum recommended number of hours a student may be employed is 24 hours per seven-day week (full time) and 40 hours per seven-day week (part time).
3. Students who are employed may not arrive at school late or leave school early to accommodate their jobs.
4. In cases where the faculty and director feel that the student's health, scholastic progress, or ability to deliver safe health care is impeded by the employment, the student will be counseled to decrease employment hours.
5. Students who are employed in health agencies are cautioned that it is illegal for them to perform functions normally assigned to a licensed nurse.

B. Building Policies

1. Emergency School Closing

In the event it becomes necessary to close school because of bad weather conditions or emergency, announcements will be made over local radio and television stations, as follows:

- a. Chester County Technical College High School **Brandywine** Campus - **Downingtown** Campus
- b. Chester County Technical College High School **Pennock's Bridge** Campus - **West Grove** Campus
- c. Chester County Technical College High School **Pickering** Campus - **Phoenixville** Campus
- d. The student will be notified by the director and/or faculty via email

2. Safety Drills

Fire, lock down, and shelter-in-place drills are an important phase of the school's safety program. At the sound of the fire signal (a steady ringing of the bell), everyone is to leave the building in a quiet and orderly manner in accordance with the instruction of teachers. Students are not to take books, supplies, unless the drill is pre-announced. Students may take their purses. Directions for exits are posted in each class area and throughout the building. Guidelines for other drills will be posted in classrooms.

3. Building Entrances

- a. Chester County Technical College High School **Brandywine** Campus (Chester County Intermediate Unit Practical Nursing main office site). Entrance doors are locked and fob access only. Students will be notified as to which entrance to use at orientation.
- b. Chester County Technical College High School **Pennock's Bridge** Campus (Practical Nursing West Grove site). Entrance doors are locked and fob access only. Students will be notified as to which entrance to use at orientation.
- c. Chester County Technical College High School **Pickering** Campus (Practical Nursing Phoenixville site). All doors are locked with the exception of the main entrance.

4. Parking Areas

Use the parking areas designed for pupils. Parking tags, if being utilized, must be visible at all times on all three campuses.

- a. Chester County Technical College High School **Brandywine** Campus (Chester County Intermediate Unit Practical Nursing main office site). Students are to park in the area designated by administration.
- b. Chester County Technical College High School **Pennock's Bridge** Campus (Practical Nursing West Grove site). Students are to park in the area designated by administration.
- c. Chester County Technical College High School **Pickering** Campus (Practical Nursing Phoenixville site). Students are to park in the area designated by administration.

5. Smoking

Absolutely **NO** smoking in the building, property, or parking lot at the Chester County Technical College High School **Brandywine** Campus/Chester County Intermediate Unit Practical Nursing Program and the **West Grove** and **Phoenixville** sites. The nonsmoking rule applies to all school personnel, including high school students, adult students, and staff members.

Smoking policies at clinical sites will be reviewed during orientation. All students must adhere to these regulations.

Possession or use of tobacco in any school building, bus, or property can result in fines up to \$50 plus court cost and conviction of a summary offense. Act 145, 12/96.

6. Breaks

When students are in class, they may leave the building during the breaks. The break will be approximately 15 minutes and the lunch/dinner break will be 30 minutes.

Practical nursing students assigned to a clinical area will follow the protocol established by the individual institution and will take their breaks in accordance with the institution's policies.

7. **Food**

- a. No food is permitted to be eaten during class time.
- b. No food or drink (whether in a closed container or not) is permitted near school computers. Food purchased in the cafeteria must be eaten in the cafeteria.
- c. No food is permitted to be consumed in the hallway. Students will be directed as to where lunch and dinner may be consumed.
- d. Food being transported in the hallway from outside the suite or classroom must be carried in a closed container.
- e. Drinks in closed containers may be consumed during instructional time.

8. **Telephone**

- a. The office phone may be used for **emergency** calls only. The telephone is not to be used during the hours class is in session.
- b. Electronic beepers, cellular phones, etc. must be **TURNED OFF** during instructional hours, in instructional areas, and building hallways.

9. **Change of Address and Telephone Number**

All changes of address or telephone number must be reported to the Practical Nursing Program administrative assistant - **within one week**. When giving an address change, the zip code plus four must be included.

10. **Lost and Found**

Call the Practical Nursing Program office at 484-593-5950.

11. **School Calendar**

Located on the student **CANVAS** site.

C. Dress Codes

1. School Dress Code

Students may determine their personal dress and grooming standards, provided the student's dress and grooming:

- a. Shall not lead school officials to believe that such dress or grooming will disrupt, interfere with, disturb, or detract from school activities.
- b. Shall not create a health hazard to the student's safety or to the safety of others.
- c. Shall not conflict with secondary dress code guidelines listed below:
 - i. Tank tops, tube tops, halters, or strapless dresses without a covering shirt, blouse, or jacket are inappropriate.
 - ii. Shorts must be mid-thigh when seated.
 - iii. Jeans with holes (without patches) on them shall not be worn.
 - iv. Miniskirt must come to mid-thigh when seated. (Administrators will deal with any disciplinary actions concerning skirt length problems.)
 - v. Spandex pants will only be allowed under a skirt that meets the appropriate length requirement.
 - vi. Hats, caps, hoods, and non-prescription sunglasses are not to be worn inside the building. Any kind of head cover or forehead bands are to be removed when the student enters the building.
 - vii. Any garment with decorations, patches, lettering, advertisements, etc. that may be considered obscene, offensive, or lewd is not to be worn to school. This includes any garment or accessory with any drug emblem, tobacco product, beer, wine, or any type of alcoholic beverage advertisement on the garment.
 - viii. Transparent and/or see-through material are not permitted. Shirts and blouses must cover the entire torso at all times, even in movement. A shirt should cover the entire crown of the shoulder.
 - ix. Any garment which causes a disruption in the classroom and interferes with learning is inappropriate.
 - x. ID Badge must be worn at all times.

2. Uniform Policy

The following uniform code is in effect for students of the Practical Nursing Program:

- a. Unless otherwise designated, the student must always be in complete school uniform, with sleeve insignia, when in the lab or clinical area. When the student is in certain special areas of the hospital, special garb is necessary. Each student, however, must wear a complete uniform (including appropriate name badge) to and from the hospital/clinical site.
- b. The only permissible jewelry a student may wear is one (1) pair of stud earrings (no other piercings permitted, spacers are ok), wristwatch, wedding band, medic alert bracelet or necklace and name badge. Engagement rings may not be worn with the uniform.

- c. The student's hair must be neat, clean, pulled back and secured. Hair should not fall forward when giving client care.
- d. A student with facial hair must keep it neatly trimmed.
- e. Students must be clean and free of odors. No perfume or scented powder is allowed.
- f. Makeup is to be professional at all times.
- g. Nails are to be trimmed no longer than the fingertips when viewed from the palm side of the hand, clean, and free of polish. No artificial or gel nails of any kind are permissible in the clinical area.
- h. Professional white nursing duty shoes which are supportive, comfortable, and clean are required in the clinical areas. Shoes are to be all white leather or leather-like. "Crocs" or cloth/canvas shoes with holes or without a secure heel strap are not permitted.
- i. "Support" white nursing pantyhose are strongly recommended. Plain white sport socks can be worn with pants. Socks that match the uniform (burgundy) are also permissible.
- j. Any visible body piercing jewelry, or retainers are not permitted in the clinical area.
- k. A regulation uniform jacket and/or regulation white undershirt is allowed. It **must** be clean. No vests are allowed.
- l. Pregnant students must wear burgundy maternity slacks and tunic top with the school I.D. patch sewn on, name badge, and regulation duty shoes.
- m. Underclothing should not be visible through a student's white uniform.

Students who violate the uniform policy may be dismissed from clinical.

D. School Resources

1. Resource Library

Books, pamphlets, magazines, software, videos, and current articles are available in the resource library at the PNP main office @ TCHS Brandywine campus. This material is for the use of all students.

a. Resource information policy

- i. Magazines and articles must remain in the assigned area.
- ii. Books may be signed out for one week.
- iii. At the main campus, resource library hours are 8:00 a.m. to 4:00 p.m. - Monday through Friday and 8:00 a.m. to 10:00 p.m. when the evening class is in session or upon request. Summer access available on request. Resources are also available through the faculty by request or via **CANVAS**.
- iv. The honor system will be used, and students will be responsible for materials signed out.
- v. Student suggestions for additional resource information room purchases are welcome.
- vi. Books not returned must be paid for by the borrower.
- vii. Two books maximum may be borrowed by a pre-enrollment candidate: a \$35 deposit must be left with the PNP administrative assistant.

b. Resource library procedure

To check out a book:

- i. Find book needed.
- ii. Write name of book, student name, phone #, & date on “check out list”
- iii. Keep books one week.

When returning book:

- i. Write name of book, student name, & date on “check-in list”
- ii. Place book back on shelf.

If books are not returned properly within one week, students will be charged **\$1.00 per week until book is returned**. If book is not returned within six weeks, **total** price of book will be charged.

2. Lab/Classroom Etiquette Policy

- a. No visitors and/or family members are allowed in the nursing suite. Guests must go directly to the main office. We cannot disturb classes. No personal phone calls can be accepted at any time other than extreme emergencies.
- b. Reminder: **NO SMOKING** in building or on the grounds.
- c. No student nurse is allowed on or in the lab beds unless purposefully practicing procedures with the instructors or peers.
- d. Students using the lab equipment will leave the lab in neat, tidy, orderly condition when finished. Manikins, beds, equipment are all extremely costly. Great care must be used when practicing in the skills lab. Needle-stick precautions as instructed in Fundamentals of Nursing need to be followed.
- e. Electronic beepers, cell phones, etc. must be **TURNED OFF** during instructional hours and in the hallways. Exceptions are considered only at the discretion of the director.
- f. Safety regulations regarding standard precautions, OSHA regulations of blood-borne pathogens, disposal of needles, and locking of medications/injection devices will be strictly enforced.
- g. All instructional and related areas are to be left clean, neat, and tidy at the end of each class day.

3. Computer Policy

- a. Availability of computers is posted at each campus.
- b. No computer software may leave the instructional areas.
- c. No food or drinks are permitted in the computer areas.

4. **Internet Policy**

The internet is a useful educational tool available for student use provided all of the following steps are completed. All of these steps must be completed in order for the student to be eligible to use the internet at school.

The student must:

- a. Sign the CCIU acceptable use policy user contract. (*Student signs copy with orientation paperwork*).

When the contract is signed by the student, it becomes legally binding. Violations of this policy will result in the loss of internet privileges for a period of time dependent upon the seriousness of the policy violation. In addition to suspension of privileges, other disciplinary actions may be taken. These include but are not limited to suspension, restitution, and referral to the appropriate law enforcement agencies.

5. **Laptop Policy**

In order to maintain the security and integrity of all CCIU networks and systems, student-owned laptops are to have a quality anti-virus program installed and is protected.

- a. The student must have a signed CCIU Internet Policy Contract on file in the school office.
- b. If a student needs to borrow a laptop, they must reach out to the director and complete laptop loaner agreement paperwork.
- c. The student must agree to do nothing that would compromise the school's network or systems. Violation of this policy may result in disciplinary action and the loss of computer privileges.

CLASS RESPONSIBILITIES & ORGANIZATION

A. Class Responsibilities

1. When you are a student nurse and a graduate nurse of the Practical Nursing Program, you represent our school and our nursing profession. Your behavior and speech **must** always be polite, considerate, gracious, and of the highest possible integrity.
2. Guidelines:
 - a. Keep classroom, lab, resource library, etc. clean and tidy.
 - b. Clean up after yourself every day.
 - c. Be supportive of classmates.
 - d. Be participative in class activities.
 - e. If you have a concern with a faculty member, discuss it privately with the director.
 - f. Contribute to the "Welcome" for the next new class enrolling.
 - g. Contribute to the graduation luncheon and ceremonies/festivities for upperclassmen.
 - h. Contribute to the graduation plans for your own graduation.

B. Class Organization

1. Class Officers

- a. President's role is to be a facilitator, for the parliamentary procedures of class meetings, be a communicator, and be one who delegates.
- b. Vice president's role is a facilitator, communicator, and delegator.
- c. Secretary's role is to record content of class meetings and decisions. Pick up and distribute class mail daily.
- d. Treasurer's role is to keep account of class money for expenses.
- e. Resource Library representatives assist with books, videos, software, suggestions of new purchases, communicate with upperclassmen and underclassmen. Assures computers are returned to cart properly.
- f. Officers attend student/faculty liaison meetings to share class suggestions.
- g. Officers attend all graduation ceremonies.

2. Class Organization Policy

The organization of each class will create an opportunity for the student to:

- a. Share in the election process.
- b. Participate in parliamentary procedure.
- c. Practice democracy and leadership.
- d. Gain experience in group dynamics.

3. **Bylaws**

- a. Election of officers will be held by paper ballot approximately the third or fourth week of class.
- b. Each class will elect a president, vice president, secretary, treasurer, and representative to the resource committee.
- c. Meetings will be held at stated intervals and between intervals, as necessary.
- d. Robert's Rules of Order shall be used for conducting meetings, with the president acting as facilitator and mediator.
- e. Officers automatically become members of the student/faculty liaison committee.
- f. Minutes of each meeting shall be recorded and maintained by the class secretary.

4. **Student/Faculty Liaison Committee**

- a. **Purpose.** It is the intent of this committee to act as liaison between students and faculty of the Practical Nursing Program in order to:
 - i. Facilitate channels of communication between students and faculty.
 - ii. Bring to the attention of the faculty differences or gaps between theory and application of curriculum. Curriculum suggestions are welcomed from students, but decisions are faculty responsibility.
 - iii. Establish basis for recommended policy changes for faculty review and comment.
 - iv. Discuss individual or group problems in relation to didactic or clinical experience.
 - v. Any student grievance, either individual or collective, that cannot be resolved by this committee may be appealed through the student grievance process.
- b. **Membership.** Membership shall consist of all elected class officers of each class. In addition, the program's staff, administration, and faculty members will be present.
- c. **Meetings. suggested times.** Representatives will meet a minimum of twice a year with other meetings as necessary or requested.
- d. **Minutes.** Minutes shall be kept and recorded by the PNP administrative assistant and the class secretary.

5. Resource Information Committee

- a. The resource information committee shall be composed of at least two students from each class and one faculty/staff.
- b. Objectives:
 - i. Suggest needed resource acquisitions (books, videos, software, etc.).
 - ii. Develop a list of resource materials that should be deleted. The list is due yearly in June.
 - iii. Develop appropriate methods for disposing of deleted materials.
 - iv. Evaluate the resource information policy and advise changes as appropriate.
 - v. Monitor student bulletin boards and make changes and improvements.

6. PNP Student Ambassador

Students who would like to represent the program at internal or external community events in addition to their regular class or clinical hours demonstrating professionalism.

OPERATIONAL POLICIES/CODES OF CONDUCT

A. Student Rights Policy

Following the chain of command, the student should communicate directly with their primary instructor when a problem arises. The student in the Practical Nursing Program has the following rights:

1. The right to due process under the law.
2. The right to equal opportunity according to ability and interest without discrimination in employment, education programs, or activities based on actual or perceived race, color, creed, religion, ancestry, national origin, age, sex, gender identity, gender expression, handicap, disability, pregnancy status, marital status, parental status or because a person is a disabled veteran or a veteran of the Vietnam era.
3. All privileges and responsibilities as stated in the program policies.
4. Access to student's own records.
5. The right to retake an individual course (academic and clinical) at a prorated fee.
6. The right to retake and repeat a complete level once if SAP (satisfactory academic progress) is not achieved at the current tuition rate if clinical space is available.

B. Student Grievance/Appeals Process

1. **Purpose.** The program recognizes that students have the right to request redress of complaints. Further, the program believes that the inculcation of respect for lawful procedures is an important part of the educational process. Accordingly, individual and group complaints should be recognized, and appropriate appeal procedures provided.
2. **Definition.** For purposes of this policy, a student "complaint" shall be any such complaint (academic/classroom) that arises out of actions that directly affect the student's participation in this approved educational program.
3. **Authority.** The program or its employees will recognize the complaints of the students provided that such complaints are made according to procedures established by program policy. Grievance beyond the first step of an academic nature or concerning clinical performance will be referred to the faculty and director.

4. Steps of Due Process

- a. The student should first make the complaint known to the primary instructor most closely involved and both shall attempt to resolve the issue informally and directly. The director may be requested to assist in achieving a resolution.
- b. For complaints, which must move beyond the first step, the student shall prepare a brief signed written statement of their complaint within five school days which shall be set forth:
 - i. The specific nature of the complaint and a brief statement of the facts giving rise to it.
 - ii. The manner in which, and extent to which, the student believes he or she has been adversely affected.
 - iii. The relief sought by the student.
 - iv. The reasons the student feels he or she is entitled to the relief sought.
- c. The complaint may then be submitted, in turn, to the director, who will call a meeting with the student and the instructor within five school days. Each party will be given full opportunity to present evidence, explanations, and relevant witnesses.
 - i. Each meeting held in an attempt to resolve the concern will be in an objective manner. Accurate minutes will be recorded, read, reviewed, and signed by the student and the director at the completion of the meeting. A formal written documentation of the outcome of the meeting will be provided to the student via email or mail.
 - ii. The student presenting the grievance may request to have a supportive representative in attendance as well as witnesses. The supportive representative provides **silent support**. Information presented at all meetings must be factual and objective. Decisions are not to be made arbitrarily or in a capricious manner. The final decision will be made by the PNP Director after the meeting. The student and faculty involved will be notified of the final decision in writing via email or mail.
 - iii. Grievance of an academic nature or concerning clinical performance will include faculty and the director.
- d. If the issue is not resolved, the student filing the grievance may submit a brief signed written statement with the facts giving rise to the complaint to the Division Director of Career Technical and Customized Education within five school days, who will call a committee meeting within five school days with the director, the faculty involved, the student with the complaint, and all parties concerned. All will be afforded the opportunity to be heard personally with evidence, facts, and witnesses. The parties concerned will be notified of the results.

- e. The decision of the Division Director will be final. (Chester County Intermediate Unit, 455 Boot Road, Downingtown, PA 19335.)

C. Professional Conduct and Accountability Policy

1. The student nurse's behavior, dress, and conversation are to be of the highest professional quality at all times. The student represents CCIU school, our program, and the nursing profession. As a result, integrity, dependability, and reliability are expected. All nursing care is to be delivered with utmost accountability. Any behavior less than this will be addressed by the director and the faculty committee- of-the-whole and may lead to a dismissal from the program.
2. Students are expected to conduct themselves with integrity and dignity at all times including professional behavior, language, and clothing. If a student uses poor judgment in their behaviors/language, suspension from the program will be considered.
3. Confidentiality is expected to be maintained at all times as outlined in the confidentiality policy (**see Student Handbook appendix A- page 80**). A student found to have violated this policy will be subject to disciplinary action, up to and including dismissal from the program.
4. Deepest of respect must be shown to administrators, staff, faculty, all students here in school, and to staff and patients/families in all clinical facilities. Any insubordinate behavior will not be tolerated and will require intervention of the director. Two documented episodes of insubordination will result in dismissal from the program.

D. Counseling Program

1. **Philosophy.** The faculty believes that counseling is an inherent part of the educational program, and that counseling should be available to the student on a prescribed schedule and as requested by the student or faculty member.
2. **Objectives.** Through counseling the student will:
 - a. Understand and be informed of progress in the program and be encouraged to develop the ability to evaluate self.
 - b. Develop the ability to be self-directive and grow professionally.
 - c. Develop good personal relationships and be provided assistance with personal problems.
 - d. Develop techniques in finding employment and evaluating job opportunities.
3. **Counseling Procedures**
 - a. The instructor and/or director hold informal clinical conferences with each student throughout the program.

- b. Informal conferences with the student are planned by the instructor at the conclusion of each clinical evaluation.
- c. Additional conferences relating to academic progress, clinical progress, and/or personal concerns are held by the director or instructor as necessary.
- d. In the event of any clinical, academic, or personal problems, the student should follow the chain of command by speaking directly with their primary instructor.
- e. All faculty members are available during the school day for counseling as needed.
- f. If the need for professional counseling should arise, the student will be referred to appropriate counseling services. The program has an agreement with EAP, West Health Advocate Solutions, Inc. Their contact number is 1-877-240-6863. Website is: **HealthAdvocate.com/members**. Email is: **answers@HealthAdvocate.com**. Students may request information from any faculty or school staff member.
- g. Director will counsel student in job interview, job evaluation, and job maintenance techniques.

E. Termination and Suspension

1. **Commitment Contract.** Before enrollment to the Practical Nursing Program the enrollee must sign a commitment contract which is a contract of understanding between the student and the school specifying certain anticipated behaviors. Failure of the student to comply with any of the statements of anticipated behaviors may result in termination or suspension from the program.

2. Guidelines

- a. Each level or course may only be repeated once. A maximum of two re- enrollments related to course failure are allowed in the entire program. A student in the final level of the program (Level IV) may request consideration to re-enroll in Level IV (i.e., Enrolling in Level IV will exceed the maximum of two re- enrollments). This request will be evaluated by the director and faculty (represented by at least 50% of the practical nursing program faculty) based on the information presented by the student and information contained in their academic record. The decision will be determined by a written vote of this group. See the section under "Promotion" for faculty counseling throughout this process. Dismissal will result if academic/clinical failure exceeds the above limits set.
- b. Any student who jeopardizes the patient's health and/or safety will be terminated.
- c. Repetitive tardiness or unexcused absenteeism may result in termination and exceeding 21 hours of absence per level in accumulated absences may result in termination.
- d. Any student convicted of a crime may be terminated at the discretion of the director. (Refer: Practical Nursing Law, P.L. 1295.)
- e. Any student who continues to display abusive, disruptive or unprofessional behavior or uses profane or vulgar language to faculty, staff, or patients after guidance has been provided to correct such demonstrated deficient behavior will be terminated from the program.
- f. Termination or suspension can occur in relationship to the discipline code.

3. **Definitions**

- a. Termination means immediate dismissal from the Practical Nursing Program.
- b. Suspension may be defined as dismissal from the program for period of one to ten (1-10) days. The director will determine the time.
- c. Counseling is generally considered a function of the faculty; however, the director may enter into the counseling process upon request by the student or faculty.
- d. Unprofessional behavior is defined as unethical behavior or breach of the Practical Nursing Code of Conduct.

F. **Drug/Alcohol Abuse Prevention Policy**

1. **Definition**

- a. **Controlled Substance.** This terminology means a controlled substance in Schedule I through V of Section 202 of the Controlled Substance Act (**21 USC812**) and as further defined by regulation of 21 CFR1300, 11 through 1300.15. Examples include:
 - i. Opiates (e.g., heroin, morphine, codeine, methadone)
 - ii. Cocaine
 - iii. Cannabinoids (e.g., marijuana, hashish, CBD oils, THC)
 - iv. Amphetamines
 - v. Barbiturates
 - vi. Other narcotics and hallucinogens (e.g., Phencyclidine (PCP), Methaqualone (Quaalude), and Peyote (LSD))
 - vii. Benzodiazepines (e.g., Valium, Librium)
- b. Also, encompassed by these definitions are substances not sold as drugs or medicines, but that are used for mind- or behavior-altering affect.
- c. **Conviction.** This term means a finding of guilt (including a plea of nolo contendere) or imposition of sentence or both by any judicial body charged with the responsibility to determine violations of federal or state criminal drug/alcohol statutes.

Chester County Intermediate Unit Practical Nursing Program and other sites operate drug-free campuses with signs posted and established policies and procedures published and distributed to all faculty and students annually (included in the student handbook). Possession, use, or distribution of illegal drugs and alcohol by students on campus or school-related activities is absolutely forbidden.

2. Controlled Substance Policy

- a. All enrolling students are required to obtain a drug test at any Quest lab center within three (3) months of enrollment. The applicant incurs the cost. The procedure to follow is:
 - i. Order urine drug screen on Castlebranch account
 - ii. Report to Quest with photo ID and your payment.
 - iii. Complete confidential drug testing consent form.
 - iv. Results will be reported to the Chester County Intermediate Unit Practical Nursing Program administrative office.
 - v. All test information will remain confidential.
 - vi. Positive results may result in inability to enroll in the program. The director has the final decision.
 - vii. A urine drug screen expires in 1 year and is required each year in the program.
- b. Random or periodic drug testing can occur. Positive results can result in immediate dismissal.
- c. A "dilute" drug test may be repeated only once within 24 hours. A second dilute is viewed as a positive result.
- d. A student shall not knowingly possess, use, transmit, sell, distribute, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, intoxicant, inhalant, or any controlled substance of any kind:
 - i. On the school grounds.
 - ii. Off the school grounds at any school activity, function, or event.
 - iii. On any vehicle designated or used by the school for transport of students.
 - iv. Off the school grounds at any designated clinical sites.
- e. Use by the student of a drug authorized by a medical prescription from a licensed physician shall not be considered a violation of this rule. Medical marijuana and CBD oils are **NOT** allowed, even if the student has a medical prescription from a licensed physician.
- f. Violations of the controlled substance regulation may be reported to the local police authorities and school disciplinary proceedings may be brought against the student regardless of the status of any criminal prosecution. In addition, a criminal conviction related to possession or sale of a controlled substance may impact the student's ability to receive financial aid. It is mandatory that any student violating this policy be evaluated by an outside consultant. That student must follow the assessor's recommendation for treatment. This could include upon re-enrolling in school, receipt of certification of successful completion of treatment and rehabilitation. Failure to comply with the assessor's recommendations may result in an inability to re-enroll in school.

3. Administration, faculty, and students of the Practical Nursing Program share the responsibilities to identify and constructively deal with addictive diseases. To function professionally and effectively, students must be drug free and recognize the ethical, moral, and legal obligation to report peers in need of addictive disease assistance.
4. The unlawful use of illicit drugs and alcohol abuse may result in dismissal from the program and will result in sanctions and referral for prosecution.

5. Drug/Alcohol Agencies Funded by Chester County Drug Commission

COAD (Chester County Council on Addictive Diseases)	610-363-6164
Help Counseling Center, Phoenixville	610-933-0400
Help Counseling Center, Kennett Square	610-444-0555
Counseling Network, Downingtown	610-873-1280
Center for Addictive Diseases, Exton	484-565-1130
Outpatient Gaudenzia, Coatesville	610-383-9600
Chester County Drug/Alcohol Commission, West Chester	610-344-6620

6. Additional Information

PA Nurse Peer Assistance Program (PNAP) Substance	1-877-298-7627
Abuse and Mental Health Services Admin.National	1-800-662-HELP
Clearinghouse for Alcohol and Drug Information	1-301-468-2600

7. Procedure for Students in the Nursing Program

All applicants are informed of the crime rate on campus and Pennsylvania State Board of Nursing law.

- a. If faculty/student suspect drug abuse, submit written documentation of questionable behavior to director.
- b. Questionable behavior is defined as:
 - i. Accident-causing school damage
 - ii. Injury requiring greater than basic first aid
 - iii. Involvement in an incident causing harm or potential harm to a client
 - iv. A verbal/physical altercation
 - v. Slurred speech
 - vi. Alcohol breath odor
 - vii. Unsteady gait/movement
 - viii. Unusual behavior
 - ix. Possession

- c. If administration decides to have a student tested, they will be tested immediately (at the student's expense if positive) at any FDA approved laboratory (to be chosen by Practical Nursing Program staff) in the presence of a faculty member. Student is suspended pending results. Refusal to test will result in immediate dismissal.
- d. If positive, student is expelled from the program.
- e. Re-application may be considered by faculty after one year and receipt of certification of successful completion of treatment and rehabilitation. As a last chance agreement, the student must agree to random body fluid testing through to graduation (cost at student's expense). Refusal to test will result in denial of re-admission application.
- f. If a student voluntarily informs faculty/administration of a personal substance abuse problem:
 - i. Faculty submits written notice to administrator.
 - ii. Student will sign an individualized contract stating terms of expected treatment/continued enrollment in program.
 - iii. Continued enrollment is based on the assessment of Employee Assistance Program (EAP) and Peer Nurse Assistance Program (PNAP). Failure to comply with treatment prescribed by EAP and/or PNAP results in immediate dismissal.

8. Procedure for Return to School

- a. Student attends AA/NA meetings, showing attendance documentation to faculty. School may require a minimum number of meetings per week.
 - b. Random body fluid testing can be expected with faculty in attendance.
 - c. Student avoids over-the-counter medication and prescription mood-altering medication that could alter random urine test results. If a student is prescribed medication by their physician, they are responsible for making the director aware of what their prescriptions are.
 - d. Student's physician will submit in writing proof of student's medical ability to return to school. (Student does **not** begin school unless letter is in file.)
 - e. Student's therapist will submit in writing proof of student's psychological ability to return to school, proof of the student's participation in formal treatment, and identification of all substances upon which the student has been dependent in the past. (Student does **not** begin school unless letter is in file).
 - f. This monitoring agreement which continues for entire length of program may be reviewed and revised upon request of either party.
 - g. Progress reports may be requested by administrator/faculty periodically.
9. This drug/alcohol abuse prevention policy is presented to faculty and students annually (student handbook).

G. Academic Honesty

1. The faculty adheres to the following guidelines for testing:
 - a. Student desk is clear.
 - b. Only things on desk should be #2 pencil and a calculator that the faculty provides.
 - c. **NO CELL PHONES OR OTHER ELECTRONIC DEVICES.**
 - d. No book bags.
 - e. All personal items in front of classroom, i.e., water bottles, coats, book bags.
 - f. Time and date of the test will be announced.
 - g. Late arrivals will only have the allotted time to take the test.
 - h. Students cannot share calculators.
 - i. Students may not leave the classroom during the test.
 - j. No talking during the test.
 - k. No roving eyes during test.
 - l. Students are to cover their own tests.

2. Also, review Discipline Code - Cheating/Plagiarism. If you observe cheating, it is your responsibility to report the incident to the faculty immediately. The incident should not be discussed with fellow classmates. After reporting the incident, your job is complete. Confidentiality will be maintained. Conversation regarding the event will be seen as unprofessional behavior and could result in disciplinary action.

DISCIPLINE CODE

REGULATIONS ON STUDENT DISCIPLINE

Student Conduct

- a. An orderly atmosphere is the atmosphere which is most conducive to learning. To this end, the Practical Nursing Program, has developed a set of rules to govern student behavior. We refer to it as the discipline code. It contains a system of corrective measures up to and including dismissal from the program.
- b. The intent of this code is to provide students with a definition of the limits of acceptable behavior and to equip school personnel for their disciplinary responsibilities. The code shall be interpreted by the administrator and their designees in a manner which they deem just, given the circumstances of the individual case. Additionally, students must understand that administrators shall have the authority to prescribe other reasonable disciplinary action which they find warranted by situations not covered by this code.
- c. Certain behaviors cannot be tolerated. At the Practical Nursing Program, students who exhibit those behaviors must be removed from the school environment for their own improvement as well as the welfare of the entire school community.
- d. The student is expected to read the discipline code, become familiar with it, and follow it. We will answer your questions and help you to understand it. **The code will apply to you while you are in school, participating in extracurricular activities, clinical, or any other school-sponsored activity.**

Student Discipline Philosophy

Chester County Intermediate Unit Practical Nursing Program believes in a safe school environment, one that fosters an atmosphere of mutual respect and trust and allows all students to develop to their fullest potential. An orderly school environment requires a code of conduct that clearly defines the individual responsibilities, classifies unacceptable behaviors and provides appropriate disciplinary responses. The student code of conduct:

- Is preventive in nature
- Promotes self-discipline
- Concerns itself with the welfare of the individual as well as that of the school community as a whole
- Promotes a close working relationship between students and the school staff
- Differentiates between minor and serious offenses, as well as between first time and repeated offenses emphasizing that this is a nursing program
- Promotes disciplinary responses that are appropriate and timely to the misbehavior
- Is cumulative in progression. This means that each time there is an additional disciplinary infraction, the offense is considered to be a higher-level offense, resulting in more stringent consequences. This is known as progressive intervention.
- Focuses on the nursing student's professional development
- Is administered by all in a way that is fair, firm, reasonable and consistent
- Complies with the provisions of federal, state, and local laws

Cheating/Plagiarism

1. Cheating means any attempt to mislead by deception or to obtain by fraud or deception with the intent to gain by doing so, i.e., copying assignments from others, lending one's own work for the purpose of aiding another to cheat, giving or receiving aid during the testing period. For each offense a failing mark will be given for the assignment. A student/director conference will occur. Repeated offenses may result in suspension or recommendation to the Board for expulsion.
2. Plagiarism means any act of using, without acknowledgment, the ideas, writings, or invention of another, either word for word or in the substance, and representing them as one's own, i.e., failure to use quotation marks, footnotes, or bibliography to indicate material used directly or substantially from other sources in written and oral reports. The following actions will be taken for plagiarism:
 - a. First offense: A failing mark of zero will be given for that assignment
 - b. Second offense: A failing mark will be given for that course and could result in recommendation for dismissal.

All incidents of plagiarism will be reported. Complete records will be maintained and founded incidents of plagiarism will be recorded on a student's permanent file.

Discipline Procedures

The discipline code shall be interpreted by the program director and their designees in a manner, which they deem just, given the circumstances of the individual case. In addition, students must understand that administrators shall have the authority to enforce other reasonable disciplinary action, which they find warranted by situations not covered.

Violations

Potential violations of PNP's Code of Conduct include, but are not limited to, the following:

- Electronic device violation
- Dress code violations
- Lateness
- Profanity
- Infringing on the educational rights of others
- Sleeping in class
- Inappropriate display of affection
- Unpreparedness for class
- Insubordination
- Forgery
- Obscene conduct
- Parking violations

- In unauthorized area/Trespassing
- Horseplay
- Theft
- Fighting
- Tobacco violation
- Threatening/intimidation
- Harassment
- Hazing
- Jeopardizing the safety of self or others
- Ethnic/racial intimidation
- Reckless use of automobile
- Major misuse of Internet
- Computer use violation
- Simple assault
- Sexual assault
- Assault resulting in serious injury
- Possession, use, sale or distribution of alcohol or controlled substances or paraphernalia
- Directly striking, pushing, or threatening an employee
- Arson
- Possession of an explosive device
- False fire alarm
- Terroristic threats/acts
- Risking a catastrophe
- Possession and/or use of tobacco on school grounds
- Theft/possession of stolen property (major)
- Commission of any other act punishable under the PA Crimes Codes
- Possession of deadly/offensive weapons
- Any attempt to compromise or attack the Intermediate Unit server or network

Definitions

Arson - Arson is defined as intentionally starting a fire or causing an explosion or aiding/counseling/paying another to cause a fire or explosion.

Aggravated Assault - An unlawful attack by one person upon another in which the offender uses a weapon or displays it in a threatening manner, or the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe lacerations, or loss of consciousness. This also includes assault with disease (as in cases when the offender is aware that they are infected with a deadly disease) by biting, spitting, etc.

Simple assault - is the unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Fighting (Mutual Altercation) - A student confrontation with another person in which the altercation is mutual, requiring physical restraint or resulting in injury or property damage. If the incident does not rise to that level, the incident should be classified as minor disruptive behavior or a minor infraction. Mutual participation in a fight involving physical violence, where there is no one main offender and no major injury. This does not include verbal confrontations, tussles or other minor confrontations. Law enforcement officers may refer to this offense as simple assault.

Harassment - Consist of verbal, written, graphic or physical conduct relating to an individual's actual or perceived race, color, creed, religion, ancestry, national origin, age, sex, gender identity, gender expression, handicap, disability, pregnancy status, marital status, parental status or because a person is a disabled veteran or a veteran of the Vietnam era when such conduct:

1. Is sufficiently severe, persistent or pervasive that it affects an individual's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment.
2. Has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance.
3. Otherwise adversely affects an individual's learning opportunities.

Sexual Harassment - Consists of unwelcome sexual advances; request for sexual favors; and other inappropriate verbal, written, graphic or physical conduct of a sexual nature when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of a student's academic status.
2. Submission to or rejection of such conduct is used as the basis for academic or work decisions affecting the individual.
3. Such conduct deprives a student of education aid, benefits, services or treatment.
4. Such conduct is sufficiently severe, persistent or pervasive that it has the purpose or effect of substantially interfering with the student's academic performance or creating an intimidating, hostile or offensive educational environment.

Hazing - Is defined as any intentional, knowing, or reckless act direct against a student that endangers the mental or physical safety OR causes willful destruction or removal of property with the purpose of gaining or maintaining membership into an organization.

Controlled Substances - Students are prohibited from using, possessing, distributing, and being under the influence of any controlled substances during school hours, at any time while on Intermediate Unit property, at any program or activity sponsored by the Intermediate Unit, and during the time spent traveling to and from programs and activities sponsored by the Intermediate Unit. For the purpose of this policy, controlled substances are defined as: all controlled substances prohibited by federal and state law, look-alike drugs, alcoholic beverages, anabolic steroids, drug paraphernalia, any volatile solvents or inhalants, substances that when ingested cause a physiological effect that is similar to the effect of a controlled substance as defined by state or federal law, prescription or patent drugs. For purposes of this policy, under the influence shall include any consumption or ingestion of controlled substances by a student.

Tobacco - Tobacco use shall be defined as use and/or possession of a lighted or unlighted cigarette, cigar and pipe; other lighted smoking product; and smokeless tobacco in any form or look-alike of any of the above. The school prohibits tobacco use and possession by students at any time in a school building and on any property or school transportation. Students are prohibited from possessing tobacco in personal vehicles when on school property. The school prohibits tobacco use and possession by students at school sponsored activities that are held off school property. Disciplinary measures include issuing citations for which conviction could result in fines plus court costs and/or out-of-school suspension.

Theft - All crimes in which a person intentionally and fraudulently takes personal property of another without permission or consent. Robbery (taking by force), burglary (taken by entering unlawfully), and embezzlement (stealing from an employer or organization) are all commonly thought of as theft, they are distinguished by the means and methods used, and are separately designated as those types of crimes in criminal charges and statutory punishments.

Extortion - Extortion is the act or practice of obtaining or attempting to obtain money or property from a person by intimidation, threat or force.

Intimidation - Intimidation is, in most cases, any attempt to influence the behavior of another by threat or by the appearance of a threat.

Vandalism - Vandalism means any act of intentional or reckless damage to the property of another or an attempt to damage the property of another or the causing of damage while committing an act contrary to this code or to the law. Graffiti is considered vandalism. Each person using school property, equipment or supplies is responsible for its proper use and care. Those charged with vandalism may be subject to legal action beyond that indicated here. For the purpose of this code, "property" means all school property, whether on or off school premises, and all personal property, either on or off school premises while the owner is engaged in school business.

Terroristic Threat - shall mean a threat to commit violence communicated with the intent to terrorize another; to cause evacuation of a building; or to cause serious public inconvenience, in reckless disregard of the risk of causing such terror or inconvenience.

Terroristic Act - shall mean an offense against property or involving danger to another person.

"Weapon" includes, but is not limited to:

- Any knife, cutting instrument, cutting tool, firearm, shotgun, rifle and any other tool, instrument or implement capable of inflicting serious bodily injury.
- Any firearm which is not loaded or lacks a clip or other component to render it immediately operable, and components which can readily be assembled into a weapon.
- Any destructive device, including any explosive, incendiary or poison gas bomb, grenade, rocket, missile ammunition or similar device.
- Any "look-alike" of any items listed above.
- Any item intended to be used or being used, offensively or defensively, to harm or threaten or harass students, staff members, parents or patrons.

Possession of a weapon is defined as a weapon being found on the person of a student, or under a student's control, in a student's possession, on school property or at any school activity, or when the student is traveling to or from school property or a school sponsored activity or when the student is using transportation service sponsored by the school.

Disciplinary Actions

Potential disciplinary outcomes are contingent upon the severity of the violation committed, the violating student's disciplinary history, if any, and the impact on other students and faculty members within the program. Potential disciplinary outcomes include, but are not limited to:

- Verbal reprimands
- Temporary removal from classroom/clinical settings
- Suspension from the program
- Referral to law enforcement
- Dismissal from the program

Disciplinary Procedures

In the event that discipline beyond a verbal reprimand or temporary removal from a classroom/clinical setting is recommended, the following shall occur:

- 1) The PNP Director or Designee shall provide the student with notice of the alleged violation/misconduct and an opportunity for the student to provide an explanation;
- 2) Upon conclusion of this meeting, the PNP Director or Designee will notify the student, in-writing, of their ultimate recommendation;
- 3) The student will be provided a reasonable period of time within which they may appeal any recommend discipline to the Division Director of Career, Technical & Customized Education and request a hearing on the merits. In such instances, the student will be afforded the opportunity to:

- a. Representation at their own cost;
 - b. Present evidence or witnesses in their defense;
 - c. Inspect or challenge the evidence against them through cross-examination;
 - d. Receive a transcript of the hearing at their own cost.
- 4) The Division Director shall issue a final written decision within a reasonable period of time after the hearing which shall be dispositive of the matter.

CONFIDENTIALITY POLICY

Confidentiality is a patient's right and the responsibility of the nurse, nursing student, and health care team members. Any information in written, oral, or electronic form about a patient's physical, emotional, or mental health or treatment is considered confidential and should be shared only in a private area among healthcare providers involved in the care and treatment of the patient. This information must be handled discretely and privately and protected against theft, loss, or inappropriate disclosure.

Nursing students, by virtue of the educational process, will routinely have access to **protected health information (PHI)** of patients under their care at a variety of clinical agencies. In accordance with the requirements of the Health Insurance Portability and Accountability Act of 1996, nursing students will participate in annual educational review sessions regarding confidentiality and **HIPAA** regulations. Documentation of participation in the review sessions will be retained in the student's file. Students sign a confidentiality agreement upon entrance into the nursing program which is retained in their file. Students will comply with the Confidentiality Policies and HIPAA regulations at the clinical agency where they are assigned for clinical lab.

Assignments that include patient-related information must be handled securely to avoid unnecessary or inadvertent disclosure and will not include patient identifying information.

Students suspected of violating patient confidentiality will be suspended from clinical and an investigation will be conducted by the Director. A student found to have violated patient confidentiality will be subject to disciplinary action, up to and including dismissal from the program.

APPENDIX B

CONFIDENTIALITY AGREEMENT

I, _____, affirm/reaffirm my commitment to protect the confidentiality of health information which I have access to by virtue of my nursing education. I have received education related to the Health Insurance Portability and Accountability Act and its associated regulations related to the confidentiality of Protected Health Information (**PHI**).

I understand that, throughout the course of my nursing education, I will have access to health information regarding patients under my care. I will consider this information confidential and handle all written, oral, and electronic communication of said information securely and privately.

I agree to seek assistance from the nursing faculty, if at any time, I am unsure of the proper way to handle communication related to health information. I understand that breaches of confidential health information, via written, oral or electronic means, are unlawful and may result in civil/criminal penalties and disciplinary action up to and including dismissal from the nursing program.

My signature below indicates that I understand the conditions of this agreement and my responsibility related to protection of confidential health information.

My signature also affirms that I have been provided with a copy of the Chester County Intermediate Unit Practical Nursing Program Confidentiality Policy and that I have read and understand the document, and that any questions related to this policy have been answered to my satisfaction. A copy of the Confidentiality Policy can be found in the Student Handbook.

APPENDIX B *(This page for informational use only. Student signs copy with orientation paperwork.)*

Chester County Intermediate Unit, Practical Nursing Program
Veterans Benefits and Transition Act of 2018 Policy
2022-2023 Academic Year

As part of the Veterans Benefits and Transition Act of 2018, section 3679 of title 38, the following policies apply to any individual ("covered individual") who is entitled to educational assistance under Chapter 31, Vocational Rehabilitation and Employment, or Chapter 33, Post- 9/11 GI Bill benefits.

Chester County Intermediate Unit, Practical Nursing Program (CCIU, PNP) will permit any covered individual to attend or participate in the course of education during the period beginning on the date in which the individual provides the CCIU, PNP a certificate of eligibility for entitlement to educational assistance under Chapter 31 or 33 and ending on the earlier of the following dates:

- The date on which payment from VA is made to CCIU, PNP.
- 90 days after the date CCIU, PNP certified tuition and fees following the receipt of the certificate of eligibility.

CCIU, PNP will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet their financial obligations to CCIU, PNP due to the delayed disbursement funding from VA under Chapter 31 or 33.

CCIU, PNP may request or require Chapter 31 and Chapter 33 students to take the following actions:

- Submit a certificate of eligibility for entitlement to educational assistance no later than the first day of the academic year.
- Submit a written request to use such entitlement.
- Provide additional information necessary for the proper certification of enrollment by CCIU, PNP.
- An additional payment may be required for the amount that is the difference between the amount of the student's financial obligation and the amount of the VA education benefit disbursement.

COURSE OF STUDY						
						As of 7/6/21
The Practical Nursing Program is 1,635 hours of study with classes entering a minimum of twice each year. There are four levels. The levels are 393 to 414 hours in length. Each level consists of individual courses. Each course must be completed successfully and in sequence. All snow days must be made up. The program offers multiple enrollment options at three different sites, the main campus in Downingtown and the West Grove and Phoenixville satellite sites.						
Clinical experience is concurrent and sequential with classroom instruction through the cooperation of affiliating institutions.						

Level I: 393 Hours (*All coursework must be completed successfully to enroll in Level II.*)

		Theory	Clinical	Self-Directed Learning	Clinical Lab (Clinical Simulation)	Level Totals
1	Fundamentals of Nursing	105	42	15	34	196
2	Anatomy & Physiology	92		10		102
3	Pharmacology	38		9	14	61
4	Foundations in Nursing Education	25		9		31
						393

Level II: 414 Hours (*All coursework must be completed successfully to enroll in Level III.*)

		Theory	Clinical	Self-Directed Learning	Clinical Lab (Clinical Simulation)	Level Totals
1	Medical-Surgical Nursing I	160	196	16	42	414
						414

Level III: 414 Hours (*All coursework must be completed successfully to enroll in Level IV.*)

		Theory	Clinical	Self-Directed Learning	Clinical Lab (Clinical Simulation)	Level Totals
1	Medical-Surgical Nursing II	49	91	8	14	162
2	Maternal & Child Health Nursing	126	98	14	14	252
						414

Level IV: 414 Hours

		Theory	Clinical	Self-Directed Learning	Clinical Lab (Clinical Simulation)	Level Totals
1	Medical-Surgical Nursing III	112	196	13	42	363
2	Issues in Nursing Practice	15				15
3	I.V. Therapy	22			14	36
						414

TOTAL HOURS	744	623	94	174	1635
TOTAL HOURS IN PROGRAM				1635	1635

At the beginning of the level, course outlines and objectives for each subject are reviewed.

PRACTICAL NURSING PROGRAM

STUDENT RIGHTS & SAFETY

Vocational-Technical Supervisor and Chester County Intermediate Unit Safety Coordinator are responsible for campus security. In our continuing concern for the safety and welfare of our 700 students and 70 staff members on campus, we do not tolerate misconduct. Close networking with all levels of administration and law enforcement help keep crime rate at a minimum with semi annual reporting to Pennsylvania Department of Education. All adults in the building must have State Police Criminal/Child Abuse Clearances. Policies of Drug/Alcohol Abuse and Criminal conduct are strictly enforced.

All crime witnessed or experienced at TCHS Brandywine, must be reported immediately to staff.

The Student Right to Know and Campus Security Act P.L. 101-542 amendments and 102-26 1991 requires you to be informed of the following information:

1. Statistics of on campus crime reported to law enforcement agencies:

	2018	2019	2020	2021	2022
Murder	0	0	0	0	0
Rape	0	0	0	0	0
Theft	0	0	0	0	0
Student Assault	0	0	0	0	0
Motor Vehicle Theft	0	0	0	0	0
Weapons on Campus	0	0	0	0	0

2. Drug/Alcohol Related:

	2018	2019	2020	2021	2022
Discipline Actions	0	0	0	0	0
Treatment Referrals	0	0	0	0	0
Incidents of Vandalism	0	0	0	0	0
Student Assault	0	0	0	0	0
Students/Employees in Self Help Counseling	0	0	0	0	0

I have read this Student Right to Know and Campus Security Information.
