Bye Round Instructions to Team

A “Bye-Round” occurs when there is an uneven number of teams registered for this event. The following are special instructions to follow if only one team is present for a round.

- Your team will be asked 20 questions.
- The score will be entered on the team score card and “Bye Round” will be noted next to the score.
- At the end of the third round, your team can decide to use this score or use an average of the scores from your other two rounds.

Note: Since your team will have extra time at the end of this round, we can ask additional questions for fun however, these questions cannot be counted toward your score.
