

February 17, 2021

Dear TCHS Pickering Parents and Staff,

We were notified today, Wednesday, February 17, 2021, that an individual at the Technical College High School (TCHS) Pickering Campus is presumed positive for COVID-19. We have contacted the Chester County Health Department (CCHD) regarding this incident and are following their guidelines. The individual has been advised by medical professionals to self-quarantine at home for 14 days.

It was determined at this time that the individual did not have contact with any other individuals while at TCHS Pickering Campus. The CCHD will directly notify anyone deemed to have direct contact with the individual. Under the CCHD's guidance, **the TCHS Pickering Campus will remain open as scheduled, and staff and students should report as normally scheduled unless contacted directly by the CCHD or TCHS Pickering.** To see a current list of 14-day rolling cases at the CCIU, please visit <https://covidashboard.cciu.org>. The dashboard is updated at the end of each business day.

It is recommended that you observe yourself and your family members over the next few days for any of the common symptoms of COVID-19. People with COVID-19 have had a wide range of symptoms – ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. Please visit the CCHD website at www.chesco.org/224/Health for more information and contact your medical provider if you have concerns.

Per the established protocol, we have completed deep cleanings and have sanitized all the affected areas, including using an electrostatic mist sprayer to disinfect. Please know that our protocols include regular cleaning of our facilities.

We understand that news such as this is alarming during the pandemic. Please know we are taking every precaution in the interest of staff and students' safety, as informed by the Chester County Health Department and the Pennsylvania Department of Human Services. If you have any questions regarding your health, please contact your health care provider. If you have further questions about the safety and precautions that we are taking at the CCIU, please contact me.

The CCIU considers our staff and students' health and well-being to be of the utmost importance. We are committed to providing timely and transparent information to the greatest extent possible to continue making informed decisions regarding your health.

Your support by wearing a mask, washing your hands frequently, social distancing and staying home when you do not feel well, among other precautionary steps, is critical to help mitigate risk for yourself and others.

Sincerely,

Dr. Joe Fullerton
TCHS Pickering Principal
